OutShoot the Big Shot

February 25, the "Big Shot" was Ken Matlock. A great time was had by all who participated. Congratulations to Dan Murray, Dick Yinger, Patti Schauer, Jason & Paige for ousting the "Big Shot". Our thanks to Ken for providing an enjoyable evening and exhibiting some unusual throwing styles. March 25, the "Big Shot" was last year's City Champion, Jeff Keller. He demonstrated why he was City Champ, by only conceding losses to John Bagford and Joy Fuller. Amazing what those handicaps can do! Our thanks to Jeff for his participation. OutShoot the Big Shot will take a brief hiatus for the summer, look for its return with hopefully the new City Champs (both men's and women's) as the new victims.

DDA Fish Fry

We would like to personally thank all the individuals who volunteered to assist at the fish fry. These individuals helped make the fish fry the success that it was. It was apparent, that once some of the volunteers were in the gaming mode, they were having such a good time, that they did not want to quit! Thank you to the following people: JJ Jackson, Mark Link, Hoa, Linda Lou, Keri, Dan Baker, Gil Brannon, Jann Christiansen, Mark Clapper, Joy Fuller, Mike Hadley, Ron Harris, Dennis Hilgeford, Rod James, Ron James, Steve Jones, Lou Lovash, Cindy Morter, Austin Partee, Ben Partee, James Scaglione, Patti Schauer, Ray Siebel, Greg Sutherland, Terry Toney, Tereasa Wahlrab and Dick Yinger. Our sincerest thanks

- John & Paige Bagford.

Games.....Hit it or Die

I was practicing the other day and while I was doing a warm-up of three darts at each cricket number, it occurred to me that this may be incorporated into a game that would help improve a persons consistency. When doing this warm-up, I try to put three darts in each number. Anyway, with this incorporated into a regular cricket game, you get "Hit it or Die".

The game is started with a diddle. At first this is not important, but later, who starts first is very important. The game is divided into two parts, the first round, and the rest of the game. The first round consists of each player throwing three darts at each number in order: 20, 19, 18, 17, 16, 15, bull. You score each throw as if the other player has no marks, which means if the first player hits trip 20, 20, 20, he closes the 20's and scores 40 points. The second player then throw at 20's. Assuming he hits 20, trip 20, and 5, he then closes the 20s and scores 20 points. The whole idea is that during the first round, your darts are very important because they are all scored at full value, so hitting lots of marks can really help you later in the game. You proceed like this until you have thrown at all the cricket numbers, including bulls. Now there are a few rules during the first round; you may not throw at any other numbers except those in the sequence outlined above; any other numbers hit do not count, for example if while shooting at the bull you hit a 16 and an 18, they do not count.

Once you get through the first round, regular cricket rules take effect. After playing a few times, you will see why it is called "Hit it or Die".....Lou
