HISTORY AND VALUE OF AGENCY AND CONTRACT

This informal meeting will provide landowners an opportunity to hear firsthand accounts of the history behind the creation of the NDWA and the intent and purpose behind each of the provisions of the 1981 Contract from the attorney and engineer that crafted every word – George Basye and Don Kienlen.

The current NDWA Directors and staff will also provide their perspective on the enduring value of the 1981 Contract in dealing with water reliability and quality issues facing north Delta landowners today such as emergency barriers, special claims for drought compensation, BDCP 2.0 (CA WaterFix and CA EcoRestore), and the State's co-equal goals.

**** Note: No Agency actions or votes will be taken at this meeting ****
