Ready to get in shape? Increase your heart rate, pump up your muscles and increase your knowledge of nutrition while working out with a trainer. *Gymnasium*

Introductory Coding Club—Mr. Boone

Loved "Hour of Code?" This course intro-

duces core computer science and programming concepts. Help the Angry Bird catch the Pig and help other characters get around different games all while learning computer logic. No experience necessary! *Computer lab*

Fencing Club—Certified NJ Fencing Alliance instructor (sign up with Mr. A Cicenía)

The New Jersey Fencing Alliance and YouthNet are excited to offer the SOMS students the opportunity to learn the sport of fencing. This club is designed for students with little or no exposure to fencing. It will cover an introduction to the sport of fencing, basics of footwork, movement, terminology, sportsmanship and safety. The emphasis is on having fun. Students will develop coordination, balance, flexibility, they will be physically and mentally challenged which will build character and confidence. \$50 covers all fencing equipment.

Rm 102

Thursday

Ecology Club—Ms. Abella

Discover the natural world in your own backyard! We will work on the SOMS' courtyard, bird watch, track animals and garden. The club's activities change with the seasons. *Rm 122*

Coding Club - Mr. L Cicenía

Want to know how Mark Zuckerberg and Bill Gates got started? Come learn how to actually write code. Learn how to create your own scenes and how to animate objects. Both key ingredients in

game design. You'll also be able to work at your own pace and make your creations as elaborate as you want to! - *Computer Lab*

Shakespeare Club—Ms. Alloway

Explore William Shakespeare's plays through games, performance activities, improvisational acting, and movies. Come play with the lines, scenes and characters from a variety of Shakespeare's works! *Rm 265*
