CEC: Rachel Ivy
SPCDM: Betty Jones
It is the primary mission of CISCO to strengthen the unionized construction market in the greater Chicago Metropolitan area. In support of this mission, CISCO will perform three major roles:

1) Serve as a forum to facilitate dialogue between contractors and building trades union leaders concerning mutual problems and concerns;
2) Serve as a clearinghouse for information on the local construction industry;
3) Serve as a promotional group to encourage union construction with the user community and the general public.

As a joint labor-management organization, CISCO will focus on cooperative efforts to reduce problems and conflicts and enhance the competitiveness of union construction. Through its activities, CISCO will build trust between the parties and will foster the joint commitment of local contractors and union labor to high-quality, on-time, within budget delivery on all projects.

CISCO currently represents over 8,000 union contractors and 140,000 workers in Cook, DuPage, Lake, Kane, Kendall and McHenry Counties.

IRONWORKERS
## Business Capacity Building Tracks

### INTRODUCTION
- **Intro to Running a Construction Business**
  - A 6-month training program for owners or managers of early-stage companies who want to learn best practices around operating a business, earn important certifications and gain an introduction to the renewable and solar energies that will drive Illinois’ economy into the future. Program is run in partnership with ComEd.

### INTERMEDIATE
- **Intermediate Business Management for Construction**
  - An intermediate training program that teaches how to operate and manage a construction business. Emphasis is on helping businesses position themselves to grow and scale.

### ADVANCED
- **Advanced Construction Training Classes**
  - Professional development courses for construction business owners & managers who want to enhance and diversify their skill set with knowledge and best practices from industry experts.

### COLLEGE OF DUPAGE
- **Intro To Business Management & Owner to CEO**
  - In partnership with the College of DuPage, a new 12 week training program (adult, continuing education) entitled "Intro to Business Management for Construction." Also, in partnership with Innovation DuPage, a business accelerator program for construction owners known as "Owner to CEO".

### ONLINE
- **Online Business Essentials**
  - An innovative online training platform that covers four core competencies of running a small construction-related business: Entrepreneurship, Operations Management, Marketing & Communications and Finance & Budgeting.

### For Job Seekers

#### PRE-APPRENTICESHIP
- **Entry Level Prep for Carpentry & Electrical**
  - A comprehensive training program (up to 300 hours of instruction) that will ready participants for entrance into apprenticeship programs in the carpentry or electrical trades. Locations in Chicago, DuPage County and Lake County.

#### CONSTRUCTION SAFETY
- **Construction Safety Offerings**
  - À la carte type of safety courses that include: OSHA 10, OSHA 30, CPR, Scaffolding, Erecting, Flagger, Fall Protection and Safety Plans.

#### CUSTOMIZED TRAINING
- **Building Small Businesses**
  - Customized training targeted to support emerging and small businesses in focused areas of need. These include small business management, project management, financial management, blueprint reading, estimating and bidding.
Introduction to HIRE360

• Launched in December 2019
• Unique partnership of construction unions, general contractors and developers
• Two main programs
  • Connect community members to careers in construction and
  • Grow diverse construction firms
