

**Heywood Neighbourhood Plan
Neighbourhood Plan Steering Group**

Notes on meeting held on Tuesday 19th November 2019

Present: J Masson (JM) (Chair) K Youngs (KY) A Pillidge (AP)
 L Pillidge (LP) J Darlington (JD) S Heron (SH)
 S Delahunty-Allsop (SDA) J Marley (JM) D Allsop (DA)

Apologies: P Thompson

1. JM Chair opened the session advising the group would need to look at what was still required to be completed in each section and what paperwork would be needed to back up content.
2. Updates were received from those present re their designated area of the Neighbourhood Plan as follows

Traffic and Transport (JD, KY, JM chair)

JD stated they need to look at the Parish Traffic Survey and the Metro Count. JM is seeking data on accidents on main roads in the Parish and was also going to obtain a reference for the gasification plant and forward this to JM Chair.

Commercial Economic Development JD, KY, JM chair)

This section is all up together with key supporting evidence being gathered. It was to be noted that Hawkeridge Business Park was a specialist employment area as specified in the Core Strategy. The list of plans is to be drawn up and JD is referring to Mathew Perks at Wiltshire Council planning office to obtain any development plans for specific areas

Housing (JM)

No significant input since the last meeting however the plan will be fully up to date by the next meeting. It was noted that the village has a diverse character and future building by way of infills and extensions would be generally supported.

It was also to be noted that the Parish would support Gypsy travelling sites up to specified numbers and that the Parish was currently at that level in line with Core Strategy.

Environment/Energy/Green space (AP/LP)

The current stage is all but complete and in the process of being re written as a final copy with photo evidence needed. It was noted that there are a disproportionate number of solar farms in the Parish however the Parish remains supportive of individuals requests on an individual basis.

List of Community Amenities (SDA/DA)

Vision statement is now in place and a list of community amenities is prepared and requires referencing. Still seeking supporting evidence and considering whether Facebook surveys may be required

Next meeting to be held at The Craft Barn Hawkeridge at 19.00 on 8th January 2020

Meeting closed at 21.30
