RE: Letter of Recommendation – Asset Solutions, LLC

To Whom It May Concern:

I am writing this letter of recommendation to express our satisfaction in working with Asset Solutions, LLC and Mr. Hoffman.

In January 2016, my firm enlisted the services of Asset Solutions, LLC to conduct a ASHRAE Level 2 energy audit study for an approximately 45,000 sf office building that we manage in Centerville, Virginia. The audit report was impressively extensive and, among other things, outlined 14 energy conservation measures that will provide us the opportunity to save up to \$78,000 a year with a 3 year payback.

In addition to the above, Mr. Hoffman was extremely professional, knowledgeable, and responsive throughout the process. It is not often you find a company whose readiness to work matches its quality of performance, but Mr. Hoffman and Asset Solutions, LLC certainly fit the bill.

Accordingly, I have no hesitation in recommending Asset Solutions as a sustainability energy audit company with which to do business. Based on our positive experience, any company should be very pleased to be the one that Asset Solutions selects to do business with.

Sincerely,

Adam K. Santos, CPM[®]
