

# DR JOSEPH KIM HAS DENTAL OFFICES IN YORKVILLE & SUGAR GROVE

– Sandy Conrad  
sconrad@fvshopper.com

Joseph Kim, Doctor of Dental Surgery also holds a Juris Doctor degree from Northern Illinois University and earned his Bachelor of Arts (Major: Religion, Minor: Chemistry) from Andrews University in Michigan.

His Professional Associations include the Academies of General Dentistry, Osseointegration, & Cosmetic Dentistry; the International Congress of Oral Implantologists, and the American Society of Dental Anesthesia. His training and certifications are numerous and comprehensive and he has been published and made presentations throughout the country.

In spite of all his professional credits, he is a pleasant and friendly man who is pleased and honored to serve his patients. He truly enjoys the Fox Valley area and its people for whom he aims to provide the highest quality of dental care and community service. His personal interests include Biblical research and study, ancient near east mythology and religions, and composing and playing music.

The services of Modern Dentistry include: Preventive Cleanings, Gum Disease Therapy, Professional Bleaching, White Fillings, Beautiful Veneers, Crowns & Bridges, Extractions and Surgery, Implant Surgery & Overdentures, Removable Partial and Lifelike Complete Dentures, Anti-Snoring and Anti-Headache Devices, Cosmetic Dentistry and Dental Sedation.

Dr Kim is a specialist in Dental Sedation, either oral or intravenous, which offers hope for those who are afraid of dental procedures. It combines modern dental techniques with medications that ensure sedation. Pain is controlled and patients can be comfortable during dental care. The form of sedation used is called conscious sedation, often referred to as “twilight,” which is usually given for minor surgical and invasive procedures. It is incredibly safe. Modern Dentistry treats over one hundred sedation cases a year. Cost as compared to other anesthesiology services is minimized; charges apply to only the first two hours of an appointment.

Resources available to all patients include complete postoperative instructions and fact sheets with advice for all ages and information about allergies, cancer care, anxiety, dental emergencies, dental insurance, dentures, dry mouth, the effects of smoking, flossing, implants, nutrition, oral hygiene, orthodontics, periodontal or gum disease, root canal therapy, sensitive teeth, or tooth decay or erosion.

Modern Dentistry has two locations; Yorkville, 728 E Veterans Parkway, #113 (630/553-2505), Sugar Grove, 769 Heartland Drive, #C (630/466-7445). Typically, appointments are available from 9 AM to 5 PM, Monday through Friday.

If you are looking for a different dental experience, contact Dr Kim at Modern Dentistry.
