...THAT CATCH OF BREATH

Now autumn pulls the shawl around its shoulder
 And rocks a little faster on the porch;
 The apples in the paring pan are colder;
 The sugar maples flare into a torch.
 The corn shocks turn to wigwams in the valleys;
 Indian summer lights its signal smokes;
 While pumpkins strew the fields for harvest rallies,
 The sun rubs off its burnish on the oaks.
 Where bittersweet festoons the rural fences,
 Our elemental rue drinks its own tear;
 The green and gold that, growing, joyed our senses
 Bleeds red into the heartbreak of the year.
 There is in everything that gives us gladness
 That catch of breath that touches us with sadness.

MOSES-LUDINGTON HOSPITAL CAPITAL FUND DRIVE

A strong effort is being generated by the people of the Town of Hague to support the Moses-Ludington Hospital Capital Fund Drive. A committee has been formed and a group of thirty citizens organized to insure its success.

The hospital has opened its new facility; new doctors are on staff; a new administration now directs our community's medical future. Today's high interest rates combined with small hospital costs have placed a tremendous strain on its fiscal picture. The Capital Fund Drive is attempting to ease this strain by providing future monies for capital expenditures and necessary new equipment.

We are asking you as a resident of Hague to take time and seriously consider making a five-year pledge to the hospital, even though you may already have made a one-time contribution. These pledges are tax deductible and will greatly assist the future of your effective medical care.

One entire wall is covered with plaques and memorials honoring the hundreds of citizens who have already pledged. A total 5-year pledge of \$250 places you or your family's name on this wall. A pledge of \$500 will allow a memorial plaque within the institution. Larger pledges can be selectively designated by the donor as to equipment and site.

Please help us show that the community of Hague is 100% behind this project and will do its utmost to increase the \$675,000 already pledged. Take time now to fill out the attached pledge and return it either to us or to the hospital. We do appreciate your consideration.

Dennis Hens, Chairman for Hague Drive

WE ASKED - YOU ANSWERED

During the first part of Sept. the editors of the Chronicle made a telephone survey of a cross-section of our readers. The questions we asked were: 1. Do you feel we mention too often in the Chronicle our need for contributions? 2. Have we made it clear how much financial support is needed to produce the paper? 3. Would you find it helpful for us to devise a system (at no extra cost) for reminding you when to contribute?

We called 55 readers and the results of our poll were: 1. Yes 0 No 55 2. Yes 19 No 36 3. Yes 49 No 6.

Speaking only for myself, I really enjoyed making these calls. Many of you were most helpful, giving us many ideas and suggestions for our future issues. I appreciated the many kind words you had for our staff and paper - it makes our work all very worthwhile. With your help and support we hope to improve with each issue, giving you the meaningful information and news you have asked for. Please send your news to us - that's the only way we can count on getting it!

Back to the questions we asked you and what we plan to do with our results. 1. We will keep asking for your financial support from time to time (just so you won't forget us). 2. We plan to publish a financial report at year's end. The third question becomes a bit more involved, but I have been working on the following solution - for those of you who would like to be reminded. (Those of you who are better organized than some of us do not need to read further.)

You will note on your mailing label on the line under your name, the abbreviation for a month. This is the month in which you made your last contribution. This does not necessarily mean it was 1981 - some were 1979 or 1980. However, we omitted the year to save us and our computer friends at Silver Bay time and trouble involved in changing

it. You must know the year! If a G appears on your label, it means you are on someone's gift list. On those labels on which no month or a G is showing - you can guess what that means! This is the first month that this shows but it will continue. As your contributions are received I will try to have the label coincide. If this is not clear, please feel free to call me or write and I will go into more detail.

MEET OUR CANDIDATES

For SUPERVISOR - RICHARD E. BOLTON
Republican - unopposed - 2 yrs.

Dick was born and raised in Hague. His wife, Penny, is our local postmaster. They are the parents of four. Dick is a graduate of Hague High School and Champlain College. He is a Navy veteran and attended the Naval Academy for one year. He is a member of the American Legion. Dick serves as chairman of the following committees in the County: Sheriff's Mutual Aid; Water Levels; Soil & Water Conservation; Veterans. He is a Yard Foreman at IP and has been supervisor of Hague for 4 yrs.

For TOWN CLERK - JOSEPHINE COLE
Democrat - Two years

Jody (Lambert) has been a resident of Silver Bay and Hague for most of her life. She is a graduate of Hague H.S. and Albany Business College and attended Plattsburgh State for one year. She is employed at Rogers Rock Campsite. Jody is active in Girl Scouting and is leader of Hague's Cadette Troop #110. Jody feels she is qualified for the position of Town Clerk but more important she feels that the people of Hague should have a choice.

For TOWN CLERK - MARYALICE HALL
Republican - two years

Maryalice (Scripture) was born and raised in Hague and is a graduate of Hague H.S. She has been the Star-Route Mail Contractor since 1941 and has been Town Clerk since 1975. Maryalice has three grandchildren and three great-grandchildren. She says she has enjoyed working for people all these years and would like to continue to serve to the best of her ability.

For TOWN JUSTICE - RAYMOND LAUNDREE
Democrat - four years

Ray is a native of Keeseville, NY and a graduate of Oswego and Plattsburgh State. He and his wife, Marge, moved to Hague in

1949 to accept a teaching position in the Hague High School. He is now head of the Industrial Arts Dept. in the Ticonderoga High School. He also teaches Driver Ed during the summer. Ray has been a past commander of both the Hague American Legion and the County American Legion. He bowls and golfs in his spare time. He is the father of four.

For TOWN JUSTICE - HARVEY YAW
Republican - four years

Harvey has been the Town Justice for the past eight years and will be running for his third term of office. He is a lifelong resident of Hague, with the exception of a brief period of time when he resided in Bennington, Vt. He has 9 children, 37 grandchildren, 15 great-grandchildren and 2 great-greats. He and his wife, Lillian, will celebrate their sixtieth anniversary in November. He is running on his record and qualifications. He has been certified twice by Courts Administration of NY.

For COUNCILMAN - LINDA COFFIN
Independent - four years

Linda has resided in Hague for the past three years. She and her husband Mike are the owners and operators of the Beachside Hotel. She is a native of Schenectady, attended school in Balston Spa and two years at Albany Business College. Linda is an accountant, mother of three and spends most of her time in the restaurant and transporting her daughter to gymnastic classes and meets.

For COUNCILMAN - RICHARD FRASIER
Republican - four years

Dick is a native of Bergenfield, NJ and came to Hague in 1965. He has been the owner of the Lakeshore Garage for the past ten years. He is married to the former Edna Frasier and is the father of two girls. He is second

(Continued on page 4)

assistant chief of the Hague Fire Dept. Dick feels that the most important part of being a member of the Board is trying to get the most for tax dollars.

For COUNCILMAN - AARON MIDDLETON

Republican - four years

Born in Adirondack, NY, Aaron moved to Silver Bay at age one and has lived here ever since. He is a graduate of Hague Central High School, married to Julia (Scott) and is the father of two boys and two girls, grandfather of seven. He has recently retired after 31 years with the State Highway Dept. He has served as Councilman for six years and Town Clerk for 14 years prior to this. His interests are sports and gardening.

For COUNCILMAN - PETER PLASS

Democrat - four years

Pete and his wife Cheryl have lived in Hague for the past sixteen years having come here to teach in Hague High School as Coach and Physical Ed Instructor. He is the father of two sons. His wife is a teacher in the TI School System. Pete is a graduate of SUNY at Brockport and is currently employed at IP. He is the co-partner in operating The Hearth at Silver Bay.

For SUPERINTENDENT OF HIGHWAYS

DANIEL BELDEN - unopposed

Republican - two years

Dan was born and raised in Hague and graduated from Hague High School in 1957. He and his wife Janice have six children. He is chairman of the Republican Party in Hague and serves on the Republican Committee for Warren County. Dan has held the position of Highway Superintendent for the past ten years.

For ASSESSOR - WILLIAM D. FOSTER

Republican FOUR YEARS - unopposed

Bill comes to us from Tarrytown, NY, a graduate of Cornell Univ. 1936 as a landscape architect. Four years ago he and his wife

Jeannette retired to their home in Sabbath Day Point, where they had summered for 20 years. He was elected to a two year term as assessor in 1979 and appointed Administrator for Zoning and Planning for the town of Hague earlier this year. Bill is a member of the Vestry of the Church of the Cross in TI and former president of the Grace Memorial Chapel in Sabbath Day Point. He is most concerned with trying to find out what is creating the improper balance of percentage in the school tax between Ticonderoga and Hague.

For ASSESSOR - BARBARA BELDEN

Independent - TWO YEARS

Barbara (Mrs. Paul) is a registered nurse, a graduate of Ellis Hospital, Schenectady, NY. She has been a resident of Graphite for the past seventeen years, is the mother of two boys. She is not currently employed and feels she can devote a great deal of time to the duties of assessor and be of real service to the people of Hague.

For ASSESSOR - JAMES MCKEE

Republican - TWO YEARS

Jim was born and raised in Hague. He and his wife Jean have two children. He is currently recording secretary in Local 497 at IP. He believes that his six years past experience on the Board of Assessors and knowledge gained will be of great help in trying to increase the equalization rate for the town of Hague which will help with the present tax situation.

PROPERTY TAXES AND YOU

Real property taxes represent the major source of money for units of local government and about 60% of the cost of education in NY State. The assessment on real property - land and improvements to land (mostly buildings) under NY State law should be based on the full value of the property. Full value is also commonly referred to as market value, or what a willing buyer will pay a willing seller.

The value of real property fluctuates primarily as a result of market changes, therefore, assessments must be changed frequently to reflect these changes in the market that affect full value. Failure to keep all assessments at the same full value level results in different assessments for properties of the same value within a tax district. The result is that not all property owners pay their fair share. For example; identical houses are built side by side on similar 1/2 acre lots in 1970 and each is sold for \$25,000. Each owner maintains his property and neither makes additions or subtractions to his home. In 1980 one owner sells his home for \$50,000. If the assessed value of the sold house goes to \$50,000 and the assessed value on the unsold house remains at \$25,000 inequities result. Assume a tax rate of \$30 per \$1,000 prior to the sale, for a total tax on each home of \$750 or a total of \$1,500 from the two homes. Also assume that the tax burden for the two homes remains at a total of \$1,500, then the tax rate changes to \$20 per \$1,000 from the previous \$30 per \$1,000. The house remaining at \$25,000 assessed evaluation would now pay 25 x \$20 for a total tax levy of \$500, down \$250 from the previous year. The sold house would pay 50 x \$20 for a total tax levy of \$1,000, a \$250 increase over the former owner and now double what his neighbor in the identical house pays.

This is a very simplified example used to illustrate that not all property owners pay their fair share. Failure to keep all assessments at the same full value level results in different assessments for properties of the same value within a tax district.

As a result of legislative action, many different types of exemptions from real property taxation - in whole or in part - are available to property owners. Among the most well known exemptions are those for senior citizens, veterans, clergy, farmers and for non-profit educational, religious and charitable organizations. When more exceptions are permitted there are fewer people left in the community who do not have exemptions. These non-exempt taxpayers end up paying a larger share of the tax burden. These exemptions are magnified when the property is under-assessed. Example: 2 homes have a market value of \$50,000. One is assessed at 100%, the other at 50%. Assume a tax rate of \$10 per \$1,000. Each is granted a \$5,000 veteran's exemption. Home #1 would pay taxes on \$45,000, or \$450; Home #2 would pay taxes on \$20,000, or \$200.

Documents and other information located in the assessor's office are public records and are open to inspection by any member of the public.

You can assist our assessors by bringing inequities to their attention. Appointments may be made by calling the Town Hall. Our assessors would like 24 hours notice of your appointment so that they may have pertinent information readily available...AVC

TOWN BOARD - 9/8/81

Mr. Bernard Clifton appeared before the Board to object to the elimination of street lights along the north entrance to Hague on 9N. He felt this posed a dangerous situation particularly to people who were unfamiliar with the road and town. Supervisor Bolton, after much discussion, suggested that another study be made to determine which street lights should be eliminated, if any. (Businesses and residents who have street lights make up the street lighting district and are the ones who pay for the lights.)

The Hague Babe Ruth team presented a trophy to the Town Board in appreciation of its support. It will be placed in the Trophy Case at the Town Hall.

A report from Mrs. Jean McKee, the summer youth coordinator, was read. The youth program at Silver Bay for the Hague youth was deemed very successful. A full report is on file at the Town Hall.

Gov. Carey vetoed the bill which would give an additional two seats on the APA to Adirondack Park residents.

The Board accepted with regret the resignation of Mr. Keith McKeeman from the Planning Board.

Mr. Middleton reported that there would be no Town Police after Labor Day. **THOSE NEEDING ASSISTANCE SHOULD CALL 911.** A complaint was lodged against the rules for closing the park, including the boat slip, at 11 PM. Supervisor Bolton suggested a meeting be held to find out how the majority of residents feel about the 11 PM closing.

Mr. Henry read a list of suggestions from Mr. Monroe, park caretaker, for work to be done during the fall. It was suggested that no cars be allowed to drive on the grass at any time and snowmobiles should not be allowed during the mud season. A sum of money was stolen from Mr. Monroe during August.

A compactor for the Hague landfill is on order and should be here shortly. A gate will be put up at the entrance and rules for the Landfill enforced.

Preliminary budget meetings begin on October 1. All meetings conducting town business are open to the public.

ISLANDS ARE NAMED

This spring four islands in the Waltonian Group got new names. Frances (Bomboy) Koch and family (of Friends Point and Saratoga Springs) wrote to the U.S. Board of Geographic names suggesting the following names:

1. North Huckleberry Is. - south of Flirtation.
2. Lovers Rock - south of North Huckleberry
3. Cedar Is. - south of Lovers Rock - (now left as a natural island with no camping permitted.)
4. Sunkissed Is. - off the NE corner of Waltonian Is.

"The names were all approved by the Board as of May 1981. We are now looking into having signs placed." ...FBK

FEAT ACCOMPLISHED

It wasn't the first time, and it won't be the last, but this time we watched in amazement as Tom and George Van Sickle of Silver Bay scaled Rogers Slide on Sunday, September 6. George is an old hand at mountain climbing. He is currently an instructor for NOLS (National Outdoor Leadership School) in Lander, Wy. He lead his older brother safely to the top in approximately four hours..DJH

GONDOLA RIDES

The Gore Mt. Ski Center will offer gondola rides to the summit of 2100' Gore Mt. on Oct. 3-4 and 10-11-12 from 9-5 pm. Cost per person is \$3. The 2-mi. ride provides a spectacular panoramic view at the height of the Fall Foliage Festival. Cafeteria in base lodge will be open.

VIEW FROM THE CORNER - 1981

"Mrs. Clifton, did you know that there is a lady changing into her bathing suit down there in the trees?" This remark greeting me as I stepped out in the sunshine at the Town Park was not a surprise, since I knew it would be happening sooner or later! It was all too true, as the satin undies draped over the bushes testified, and since the lady spoke little English it took sign language to encourage her to use our convenient dressing rooms when it finally became evident she really did plan to disrobe in the bushes.

As you can tell, the summer of 1981 was another interesting one, despite the poor weather. We keep a dally log in the Chamber of Commerce booth, and out of 84 days, only 40 were sunny, swimming weather. Some other statistics of a busy season might be interesting to you, such as visits from over 1100 families, over 200 of which were in looking for real estate, and another 150 for meals. Rainy days brought out the people in quest of something to do with their time, and they of course were sent to our local attractions such as the forts and tourist fun places, but at that, they really needed more activity for their children. Then too, some of the more sedentary set were sad that there was no bingo or card games in the area. The Chamber of Commerce, of course, was once again glad to provide movies in the park, and this year added a mini-concert of the Fort Tl Drum and Bugle Corps, thanks to our supervisor's efforts. Next year we are planning to add more of them to our movie night programs.

Despite a few acts of vandalism (uprooting of one of the trees that was donated to our park by the Carillon Garden Club), the summer went quite well, with a good response to our Hague Arts

Fair and our raffle. Barbara Fitzgerald joins me in wishing you all a successful 1982, hoping we will be around to greet and serve the public at our booth next summer, on our beautiful corner of Paradise at the Hague Chamber of Commerce Booth...Frances Clifton

HAGUE GIRL SCOUTS

Activities for Hague Girl Scouts will begin early in October. Girls from 4th, 5th, or 6th grades may join Junior Troop 256 by contacting Laura Meade, leader (6514) or Nancy Young, assistant (6093).

Girls in 7th, 8th or 9th grades are eligible for Cadette Troop 110 and may call Jody Cole (6627) or Sharon Fitzgerald, assistant (6648).

NEW ORGAN DEDICATED

The new Rodgers Columbian 700B organ for the Hague Baptist Church arrived about six o'clock on Sunday evening, Sept. 27. At 7:30 a church full of people was treated to a dedication service which included beautiful music played by the president and vice-president of the Rodgers Organs of New England. A dream come true in less than a year!

A letter from JACK to his parents - "It is fun being a DEGRAFF from Hague, NY in der Haag, Nederlands." He also visited Ginger (Henry) and Andreas Kuenzel in Munich and had a chance meeting with the Gosmans of the Soviet Emigre Orchestra on the streets of Munich. Small world.

WEATHER OR NOT 9/28/81

Fall arrived rather moist this year. September 22 brought 2.8 inches of rain with more on the 23rd. The water table is still far from normal. Remember, it takes a year or more to replenish the ground water supply after two consecutive winters of very little snow fall. The month of September has been averaging cooler than most with 149 heating degree day units compared to 121 in 1980, and the average of 142. The total for the summer came to 179 heating degree day units. The lake water at the 18 inch level was 69°F on Sep. 19 and now is 61°F. If sailing this time of year be extremely careful, as storm systems are formed and move in from many directions with little or no warning. Always have your life vest within reach OR ON.

Well, my garden is still producing plenty of tomatoes, carrots and beans. Remember carrots can be left in the ground over the winter. My wood is all stacked so air can circulate and access will be easy in the winter. I will also cover the tops with plastic to keep out the snow and dampness. Do not throw a wet log into your stove. Not only will the dampness take the warmth away from the already hot coals, but the steam will cool your stack which will enhance creosote buildup. Now is a good time to have your chimney cleaned before the long cool winter nights set in. With the leaves almost all turned and the crisp cool days of autumn upon us, I look forward to hearing the migrating geese.

Good harvesting!...Eloc Salguod

A LITTLE HAGUE HISTORY

Alice (Reynolds) Watts has recently donated some old books to the Historical Society. These belonged to her father and Uncle Charles. Charles and my father, Burton West, tried to enlist in the Spanish American War. Charles was accepted and was killed in action - Hague's only casualty. Dad was rejected, having a heart defect - he lived over 50 years!
