

Updated Information regarding school closure  
Issued 3/13/2020 at 5:30pm

Good afternoon VPE bobcats,

As shared in my earlier message all OUSD schools will be closed from March 13th-March 27th. Pending further guidelines, students will return to school after spring break on April 6th. Today teachers sent home school materials and resources for online instruction. Please hold on to everything that was sent home today until you receive further information from your teachers. Students will continue to engage in online learning during the 2 weeks prior to spring break. If your child was absent today and you need to pick up materials or check out a device you can do so on Monday. Teachers and staff will continue to be at work. Although I am sad that we are not able to remain open during this national emergency, I know it is what is best for our students and staff and I am confident our online instruction will make it possible for students to continue to learn. I will stay in contact throughout the next three weeks.

Have a wonderful weekend and stay healthy.

Principal Beggs
