

FREE Workshop for Small Water Systems

Compliance with the Safe Drinking Water Act

November 16, 2023

8:00 am – 5:00 pm

Office of Drinking Water

Delaware Department of Health and Social Services, Division of Public Health

*43 South DuPont Highway * Dover, Delaware 19901*

AWWA/RCAP is offering a **FREE** one-day workshop on compliance with the Safe Drinking Water Act (SDWA). **Lunch is included!**

The Workshop will cover the following topics:

- Regulatory Overview — *Presented by the Office of Drinking Water*
- Distribution System Infrastructure and Water Quality - *Covers problems with common Distribution System components (piping, valves, storage tanks, and hydrants), and how they can drastically affect water quality, and public health. Provides preventive actions and solutions to common problems, with a deep dive on Disinfection Byproducts.*
- Controlling Lead in Drinking Water - *Topics covered in the workshop include the regulations; corrosion basics; conducting an inventory; monitoring requirements; treatment requirements; public notification requirements; and lead service line replacement.*
- Nitrates, Iron, and Manganese – *Learn how to test, analyze, and treat for these contaminants; and why it is important.*
- PFAS – Contaminant of Concern — *Attendees will achieve greater knowledge of PFAS/PFOA and associated health concerns; understand current regulations; identify proper sampling procedures; understand how to address the problem, and identify resources for assistance*

Who Should Attend?

Operators, Superintendents, and Managers of Small Drinking Water Systems

Continuing Education

Content for this workshop will be submitted for operator continuing education approval by the *Delaware Office of Water, Advisory Council for the Licensing of Certified Public Water System Operators*. **7 hours of instruction are scheduled.**
