

To All,

The SCTA is supporting an El Mirage Lake Bed Repair Work Party August 24th & 31st. The times I have for this are 5:30AM to 2:00PM. Bring water, lunch, **shade**, gloves, steel rakes and a shovel. Plan on the weather being extremely hot, take all necessary precautions to prevent heat stroke, stay hydrated. The more people that show up, the more repair work we can perform! Your EM Lakebed Pass will work for this work weekend and Lonnie will have extra passes for SCTA Members if needed. Lonnie Martin (818-848-4375) is coordinating our efforts. Loading for Speed Week will also take place that weekend. I will keep everyone informed of updates as they are relayed to me.

Thanks,

The SCTA Board
