CHAIR'S CORNER

by David McGan

There was some miscommunication on the location of our November meeting. Just a couple days before, everyone realized that the meeting was indeed to be a tour of the Vincennes University Center for Technology, Innovation and Manufacturing – but at the Vincennes, Indiana Campus instead of Fort Branch. But some last minute notification helped save the day. We had a pretty good turn-out anyway, with 8 attendees. And we were all very impressed with the facilities and the program taking place at that school.

December Meeting – this meeting should be popular, as our own Mike Mazu will once again be returning to the Riviera Mexican Grill in Newburgh to talk about **“Identifying excessive variation and identifying the key processes for improvement.”** You’re sure to get some key information that you can take back to apply at your company for Quality and Process improvement. Networking starts at 5:30, with dinner at 6:00pm, and Mike’s presentation to follow at 6:45pm. See you there.
