**image of Massachusetts seal is Myles Standish, a known murderer and so called military leader of the Pilgrims. Many Pilgrims disliked his violent mouth and attitude! He, Standish was not a Pilgrim, one of them, yet he was one among them as a hired gun.**

**See the Native Indian In the center; he is posed to have his arrow pointing downward. This pose signifies a state of non combatant positioning. Because Myles arm and sword are in a cutting position, this position in fencing, the art of fighting with swords, is in a pose of ready to kill, as if you the reader could not figure that out!**

**Underneath the feet of the Native Indian are words in latin, of course it reads this basic way of "By the Sword we make peace" tell me another one, conceit and deceit of the oppressors of the so called cherished thanksgiving folks! Stop the deceit, Patrick, Coakley, Galvin and legislative company!**
