The fascinating developmental secrets of the human baby, from birth to two years of age, explored with an episodic focus on each of movement, perception, communication, emotion, socialization and the theory of mind.

6 one hour episodes

BEAR ATTACK

This definitive trilogy on bear behaviour features riveting first-hand accounts from survivors plus expert analysis of real life bear attacks. The award-winning series investigates grizzly, polar and black bears.

3 one hour episodes

BEASTLY COUNTDOWN

A light-hearted countdown of the unattractive side of the animal kingdom to determine which species are the top ten ugliest, scariest, laziest, nosiest and most annoying animals on Earth.

5 one hour episodes

BUCK STAGHORN'S ANIMAL BITES

If you think living in the animal kingdom is about serious survival, be prepared for some serious laughs! Host Buck Staghorn takes us on a misguided tour of hilarious wildlife antics - the very 'nature' of comedy.

26 half hour episodes

CRAFTIEST ANIMALS

When food is the prize, it appears that animals with brains the size of cough drops turn into veritable geniuses. We profile these urban pests and test just how clever squirrels and raccoons really are.

2 one hour episodes

DAY OF THE GROUNDHOG

A definitive examination of both the biology and sociological impact of a creature that is both reviled for its tunnel-digging capacity, yet revered to the extent that it has a day named in its honour.

One hour special

DECODING CHRISTIANITY

A worldwide exploration of the signs, symbols, iconography, myths and miracles of Christianity, in an effort to understand its underlying artistic and spiritual connections through the ages.

6 one hour episodes

DIVINE RESTORATION

A spirited renovation series hosted by Jim Codrington and Catherine Burdon, who lead a series of one-week church makeover projects, improving outreach in communities all over North America.

55 half hour episodes

ECHOES OF THE NORTH

The haunting and beautiful story of the loon, as told through the intimate story of a family of these majestic birds, and the mystical legends that their unmistakable calls have inspired across the northern hemisphere.

One hour special

IMAGES OF GALAPAGOS

An exploration of the four main islands of this ruggedly beautiful archipelago made famous by Darwin, featuring close-up behaviours of the diverse wildlife, from frigate birds to marine iguanas.

One hour special

LEAVE IT TO THE REAL BEAVERS

Within each beaver lodge is a household that operates in perfect harmony and sets a good example about being a productive member of society, putting the classic sitcom family to shame.

One hour special

THE LOST GODS

This compelling series looks at the religions that once lorded over powerful empires, fostered distinctive cultures, art and architecture, but ultimately disappeared with their civilizations.

6 half hour episodes

THE MAN WHO LOVED BIRDS

The captivating story of John Bax, and his expeditions to film the birds of the western hemisphere, featuring his incredible knack for attracting and even hand-feeding one of the most skittish - the hummingbird.

One hour special

MATT & JENNY

The adventures of two kids orphaned on their Atlantic crossing, running away across mid-1800's Canada in search of lost relatives, assisted by a mysterious gentleman and a bushman they've befriended.

26 half hour episodes

MOTHER NATURE

The true stories of the animal kingdom as told by the voice of 'mother nature' to an inquisitive child (asking in voice over) about the spectacular natural behaviours of wildlife around the world.

42 half hour episodes

MYSTERIOUS RUINS ~ CAPE BRETON

An investigation of both sides of the debate generated by Paul Chiasson's best-selling *The Island of Seven Cities*, which concluded that the Ming Dynasty Chinese settled on Cape Breton Island long before Columbus sailed.

One hour special

NATURE OF THE BEAST

Each program in this spectacular anthology explores an exotic species or theme, from scorpion's to badgers to marsupials; and from animals that ambush their prey to those that possess wild superpowers.

6 one hour episodes

PROFILES OF NATURE

The longest running Canadian wildlife series of all time, this multiple-award winner has been seen in over 100 countries worldwide, in six languages, and premiered between the mid-80's to mid-2000's.

104 half hour episodes, plus 84 one hour specials

SIDESHOW STARS ~ THE TRUE STORY

A fascinating under-the-skin investigation of the medical mysteries of the circus sideshow, featuring state-of-the-art animation, myth-busting stunts and special effects to explain what made the unlikely stars of a bygone era.

One hour special

SOMETHING ABOUT MARY MAGDALENE

A new profile of one of the most enigmatic women in history, a sinner-turned-saint, in the light of compelling and controversial new research on this Christian icon of the last two thousand years.

One hour special

TANK OVERHAUL

Welcome to a world where military geeks, mechanics, and eccentric millionaires are living a dream, restoring wrecked tanks from wars past, each of which has a unique story of its own from its final battle.
