CHAMBER OF COMMERCE

Our money tree project, headed by Imogene Frasier, is progressing well. If you would like to purchase a bulb in memory or in honor of a friend or loved one, please send a dollar for each bulb, along with a list of those to be remembered, to Imogene Frasier, Hague, NY 12836.

The tree will be on display at the new Community Center and profits from the project will be donated to the Hague Ambulance Fund. Our thanks to Imogene and Diane for their help.

Several Chamber members attended a recent meeting hosted by the Bolton Landing Chamber, concerning Governor Cuomo's Commission on the Future of the Adirondack Park. Our Chamber shares the concern of many year-round Park residents that the governor's commissioners may recommend legislation that might not take into consideration that some people still need to make a living in the Adirondack Park, but are also very concerned about its environmental health.

The Chamber would like to congratulate Dick Bolton and the Town Board for helping make the new much-needed Community Center a reality in 1989 and we hope to see all of you at the dedication ceremony on the 16th. Look for our display. Happy holidays... KS

WINTER CARNIVAL

Winter Carnival plans are going along on schedule. The letter soliciting ads for our February Times of Ti flyer has gone out and responses are starting to come in. Even if you are not in business, a ten dollar directory ad will put your name on the flyer and show your support for the carnival.

Rehearsals have begun for the Winter Queen Pageant. The girls practice at the firehouse twice a week after school. If you are interested in competing, call Betty Braisted at 543-6102.

Volunteers are needed for handling our P.A. system during the carnival. Set-up and testing of the speakers and microphones is involved. Will train! Volunteers are also needed to make announcements on the P.A. system at North Pond. Call Kathy Santantello, 543-6441, if you are interested.

Until next month, enjoy the new Community Center celebration on the 16th and have a Happy Holiday Season... KS

HAGUE EMERGENCY SQUAD

During the past month there have been 16 ambulance calls, entailing 913 miles and 125 man hours. The ambulance squad assisted in 6 mutual aid calls with an additional 27 patient hours. There were 20 patients attended to by the squad during the past month.

TOWN BOARD - NOVEMBER 14, 1989

A number of communications and petitions were acknowledged at the regular meeting of the Hague Town Board held on November 14, 1989.

Supervisor Bolton informed us that the county has drafted a resolution in support of low level flights over the Adirondacks by S.A.C. This, after reading us a letter from T. G. Tobin, Brig. Gen. (Ret) of USAF, president of North Country Association re: Bolton's trip to Offit Air Force Base in Nebraska.

There were three letters relating to the equalization rate used in the school tax issue: From Neil Kelleher to Tom Sobul, Commission of Education; from Roemer and Featherstonhaugh, our attorneys, to Mary E. Carney, Assistant, State Board of Equalization and Assessment requesting a 30-day adjournment on the E. & A. hearing scheduled for November 6, 1989. A letter was received from James Morgan, hearing officer to our lawyers re: the adjournment from Nov. 6, 1989 to a new date of December 4, 1989. A special thanks from Bolton to Alison Craig for all her work on comparables of property values which make up an important part of this issue.

John Caffry, attorney for Lake George Park Commission wrote, noting an extension of the LGPC's moratorium which pertains to wastewater discharge and commercial projects to July 15, 1990, a period of 8 months.

Two Ticonderoga Driver Ed. (Dangerous Driving Project) students Laurie Hens and Rachel Martino, have requested the following: 1) A stop sign to be installed at the south exit of Silver Bay Y.M.C.A. road. 2) "Hidden Drive" sign at corner of Laundree property and Hummingbird Gift Shop. Copies of letters have been sent to Herb Steffens, Resident Engineer for N.Y.S. Dept. of Transportation.

**New Business:** To take effect immediately, an increase from 10¢ a copy to 20¢ a copy, for copier fee to offset present copier expenses.

Requests from contractors for use of landfill at other than regular business hours are being considered with the following: 1) No change in landfill hours but a charge of \$20 per hour for us during non business hours is a possibility. 2) Applications to be submitted for those non-business hours one week prior. Dick Frasier requested the town attorney draw up the application to contain a clause covering asbestos and hazardous waste so that these materials are excluded and the applications to be signed and certified by the contractor. Suggestions will be welcomed by the board until the regular December meeting when a decision will be made and will take effect January 1, 1990.

Frank La Yardera, Project Manager for Clough, Harbor would place the recycling centre near the road on landfill property. Bolton does not agree and has requested it be placed near our compactor. We will soon receive a glass crusher and plastic shredder for this

ZONING BOARD OF APPEALS - NOVEMBER 16, 1989

The November 16, 1989 ZBA meeting began at 7PM with a public hearing on the David Soliday area variance for a 6 ft. fence.

At the regular meeting the request was tabled until the next regular meeting in December because nothing had been heard from the Warren County Planning Board and the Hague Planning Board.

The Northern Lake George Resort (formerly Silver Bay Lodge) appeal was also postponed.

**Update:** THE HAGUE ZBA HAS RESCHEDULED ITS REGULAR DECEMBER 28, 1989 MEETING TO DECEMBER 21, 1989 AT 7:30 PM AT THE TOWN HALL.

CUB SCOUT PACK #21 NEWS

Hague's new Cub Scout Pack is well underway with their activities. Under our charter organization, the Town of Hague, and represented by Dick Frasier, three dens have been formed. Our leaders and committee members (who are doing a fine job of guiding the Cubs) are Perry Girard, Tim and Michele Gautreau, Walt and Kay Wells, Wayne and Janet Williamsen, Tim and Karen Costello.

The youngest Cub Scouts, our Tiger Cubs, are Sam Berrick, Tyler Wells, Ryan Lawrence and Josh Pless. These fellows are working with their parents to learn to search, discover and share.

The Webelos, our older Cubs, who are working on badges and a Pack sign, are Perry Girard, Jr., Steven Barnaby, Chris Shuhler, Chad Jordon and Kevin Leroy.

Den #2 Cubs have all earned their Bobcat badges and have made banners to display their achievements. These proud Cubs are David Fitzgerald, Chris Frasier, Thor Gautreau, James Girard, Nathan Lawrence, Mark Shuhler, Craig Smith and James Ward.

Den #3 "doing their best" to learn the Scouting basics, consists of Tavish Costello, Greg Fitzgerald, Peter Hutchinson, James Jones, Donnie Smith, Wyatt Wells and Adam Williamsen. Be sure to check out the Scout exhibit at the new Community Center grand opening.

Special thanks is sent to Morgan Marino, Trout House Village and Dick Bolton for their generous contributions to Pack #21. Also thanks to the Town of Hague for chartering us and for the "start-up" donation.

CUB SCOUTS BOTTLE AND CAN DRIVE

Pack 21 is holding a refundable bottle and can drive throughout the holiday season. You may drop off donations at Costellos on Summit Drive or Girards on Rt. 8. On Saturday, December 16 from 1-4 we will be "out on the town" collecting. Pick-ups can be arranged by calling 543-6590, 543-6763, 543-6007 or 585-9859. Funds collected will be used for uniforms, equipment and activities. Save your refundables for this worthy cause. Thanks!

DEN #2 BOYS WRITE ESSAYS

The boys of Den #2 were asked to write short essays on what makes America special and/or what American means to them. The following are the results of their efforts. It is fitting at this time of year to let others know what some of our local boys think of the country in which they live.

"I think America is special because of the beautiful lakes and woods all around us. In America we can play, fly in planes, ride in cars, on trains and buses wherever we want. People of all kinds live and work around each other in America. You can believe whatever religion you want and read and watch whatever you want." . . . Craig Smith

"I think America is special because of all the beautiful lakes and rivers. We are lucky to be free and do anything we want such as ride in trains, planes and automobiles. Some states or countries are not free. They don't get to have freedom as we do. I just wrote this to tell you I love America and all the people in it." . . . Thorhan Gautreau

"America is a free kind of country and everybody in it thinks so too. I think it's the nicest country. And our government is very fair. And our president is very good. Most people are good in America. In America people can choose their own religion. We can choose to go to college if we want." . . David Fitzgerald

"America is special to me because we have freedom. We can do what we want. America is nice. America is fun. America has wild animals. America has pets. America has mean animals. America has nice animals." . . James Girard

"America means my being free and doing what you want to do. And having fun like everyone else. That's what America means to me." . . Christopher Frasier

HAGUE HISTORICAL SOCIETY

The December meeting of the Hague Historical Society will be held on December 14th at the Beatrice and Robert Cole home for the "Show and Tell" time.

This event has been held for many years and is almost a tradition. Each attendee brings an object that is 50 years old or older and tries to stump the experts. Spouses do not fit into this category!

A social hour will be held at 7:30PM and the meeting will follow at 8:00PM. A Christmas tree and glowing fireplace add to the atmosphere with carols also enlivening the evening.

All are welcome to attend.

HAGUE FISH AND GAME CLUB

The Hague Fish and Game Christmas party will be held on December 19th at the ClubHouse. Please bring a covered dish or dessert of your choice. Also, bring a gift for exchange. If you bring small children bring a gift suitable for a child.

Party time is 6PM for members and their families.

CONCERTS TO BE PRESENTED IN SCHOOLS

On Wednesday, December 13, the annual winter concert of the Music Department of the Ticonderoga High School will be held in the Ti High School auditorium at 7:30PM. Featured will be the Spirit of Sound (Show Choir) consisting of all girls including two of our Hague high schoolers, Lisa Cobb and Rachel Martino. The concert will also include numbers by the High School Chorus and the High School Band. They will all be presenting a program of seasonal music.

On Tuesday, December 19 the choruses of the Elementary and Middle School will be presenting their holiday concert at 7:30PM.

The public is invited and urged to attend these concerts and support our young people who are participating.

AMERICAN LEGION

Hague Post 1538, American Legion, will hold their 6th annual Christmas party for members and guests on Sunday, December 17, hosted this year by Dottie Henry at her home on the New Hague Road. A buffet supper will be served during the early evening.

The first regular post meeting of 1990 will be held at the Legion Home at 7:30PM on Wednesday, January 3. Refreshments will be served.

FROM THE LAKE GEORGE ASSOCIATION

The following are excerpts from the LGA newsletter dated November 1989:

"The Lake George Park Commission announced at its November 10 meeting that its draft regulations were being substantially revised. A revised draft will be ready for another public hearing within a few months. The Commission hopes to have final regulations in place by mid-July 1990, and the moratorium has been extended until then.

The LGPC's first draft attempted to establish a proactive program to prevent pollution to the lake from faulty septic systems. New property owners would have

been required to construct systems in accordance with very stringent standards designed to limit bacterial and nutrient loading. Owners of pre-existing septic systems would have been required to prove the effectiveness of their treatment. For owners of existing systems that did not conform with the new standards and that were sited in conditions inappropriate for effective treatment, getting the required proof might have been impossible and/or might be expensive.

"LGA supported the concepts upon which the Commission's draft regulations were founded, and began immediately to work constructively with the Commission to encourage significant revision. The LGA's goal was to assure a final document with suitable protection for local interests while correcting the problems. LGA suggested important administrative and technical improvements and urged that a revised draft be produced and aired at another public hearing.".....

"At its November meeting the LGPC also announced its intention to make important changes in the draft regulations to control stormwater runoff. Though this proposal did not stir widespread public controversy, the LGA's team of experts identified serious problems and moved immediately to urge revision.

"The LGPC proposal sought to control runoff from residential and commercial development but failed to force compliance by municipalities, counties, state agencies and institutions. Since the data shows that 40 percent of the lake's phosphorous loading comes from stormwater, LGA insisted that storm runoff from every possible source must be controlled as much as possible with today's technologies. LGA gained the strong backing of the LGPC's technical advisory group and is optimistic that the full Commission will also be responsive.

"Other key LGA comments asked for new overall stormwater controls on existing facilities when they are expanded, limitations on the use of fertilizers and road salts, and LGPC to implement the regulations or extend the moratorium until the local municipalities were ready to take on the responsibility. Under the LGPC law, the municipalities have 18 months after promulgation of the regulation to adopt them themselves or turn them back to the Commission for implementation." .....

WILLY C'S NOV./DEC. WEATHER NOTES

In the song "The Wreck of the Edmond Fitzgerald" they sing of the icy winds of November and how the Great Lakes our carrier tried, in vain, to make the relative safety of Whitefish Bay on Lake Superior. November weather in the great northeast tends to mirror weather in the upper Great Lakes, usually in a reduced intensity because it often has a chance to moderate as it makes its way to our area, but November is a month of rapid changes and wide swings in almost all categories of weather and this Nov. was no exception. Our temperatures, lakeside, ranged from a high of 64° on the 16th to a low of 12° on the final day. Nov. 14th, 15th and 16th gave us one last flirtation with summer-like temperatures with 62°, 61° and 64° readings. On the 16th a very strong cold front, akin to those on Lake Superior, swept through and ended our last brief encounter. We had 2.73" of precipitation for the month. On the 20th we had .26" of rain which changed to snow at the end, giving us 1 1/2". The ski areas in YT fared considerably better. Our top wind gust for the month was 35 MPH on the 21st, but we had very few days, about three total, where one might consider it calm. Thanksgiving day dawned overcast, but by 8:30AM one could spot clear blue sky to the northwest which rapidly overspread eastern NY and most of YT, giving us a clear, cold, crisp day. We lost 1 hr. and 10 min. of daylight during the month.

And now it's early December. Dec. 1 gave us a lakeside reading of 8° and a high for the day of 15°. On Dec. 4th, and 5th it was 2°. Ticonderoga reported -8° the morning of the 5th. Our high temperature on the 4th was 14° with a gusty west wind creating very cold wind chill conditions. On the 3d and 4th we had about 3 1/2" of light fluffy snow. Again YT ski areas were deeply blessed. The snow cover is most welcome. Should the lack of snow cover and the cold temperatures have continued, we would have once again been put in the same situation as last winter, when the frost was driven down so far that it had a severe impact on water pipes and septic systems. At 10AM on the morning of the 5th the air temperature was 14°, the water temperature 43°. As I reported last month our temperature was averaging 15+% above normal. The recent spate of record breaking low temperatures is bringing things more in line, although even as late as yesterday we were still 5% above normal. We have now reached the earliest sunset times. This trend will reverse starting Dec. 16th. Sunrises will continue to be later each day, until Dec. 29th and will not reverse until Jan. 9th, when the days will be lengthening at both ends. Dec. 21st is the winter solstice and the astronomical beginning of winter. As I gaze out on the white landscape, watch the thermal heat

vapors rising from the lake's surface and look at my thermometer, winter, from a meteorological point of view, starts Dec. 1. December is also the month that we celebrate the birth of Christ. May you all be blessed this Christmas season and in the new year to come.

HAGUE: FACES, PLACES & SPACES

This is the theme for the opening of Hague's NEW Community Center scheduled for Saturday, December 16 from 3 - 8PM. The following is a tentative schedule of events planned for this most auspicious occasion:

The official ribbon cutting and dedication ceremony will take place between 3 and 4PM. and from 4 - 6PM guided tours will be conducted through the building. At 5PM the winners of the poster contest will be announced. At 6PM a children's program will be presented. From 7 - 8PM a family musical program will include numbers from the Old Time New Time Barbershop Sound; John Evans at the keyboard; Frances Waters and Rick Bolton in their own unique styles on guitar and vocal and a local chorus directed by Laura Meade.

Refreshments will be available during the afternoon and evening.

Sound like a full schedule? It is. When you find some free time you will want to walk around and visit all the displays set up by local organizations including the Fish and Game Club, Fire Department, Home Bureau, Cub Scouts, Chamber of Commerce, Historical Society, Carnival Committee, Senior Citizens, Silver Bay Association and yes, even The Hague Chronicle.

You might ask, "How can I help make this important day successful? First, BE THERE. Come early and stay a while. Second, you might offer to bake some cookies or make some sandwiches. Call Marilyn Priore (543-6645). Third, you can make an ornament for the tree that really is you. Also, other tree decorations are needed. Call Trudy Karmazin (543-8838). Third, enter the poster contest. Rules and poster board can be obtained from Kathy Santaniello (543-6441). Fourth, give of your time and effort for decorating, etc. Call Trudy if you can help.

MOST IMPORTANT is that you are there to share in this event for the town of Hague. This has been a dream come true. Enjoy it. Savor it during the entire holiday season. You will reap more than you sow!

SOUNDINGS

MARRIED - Steven Kircher, son of Mr. & Mrs. Robert C. Kircher, Sabbath Day Point and Staten Island, to Elana Tasso, Staten Island, NY. on September 9. He is a graduate of St. John's Univ. and is employed by Goldman-Sachs, Wall St. They are living in Great Kills, S.I., NY.

DIED - Kurt Sanger, NY City, in an automobile accident in San Diego, CA on November 27. He is survived by his wife Anne (Winters) and son Kurt, Jr. He was a frequent summer visitor in Hague.

DIED - William Sargent Garrison, Jr., 72, on December 6 at his home in Hague. He is survived by his wife, Maureen, sons William S. Garrison III, and Michael, daughter Patricia Logan and five grandchildren.

HONORED - Grace May, daughter of the late Mr. & Mrs. Frank May, Hague, was honored for high quality workmanship on the YCR tape job and victory filters. Grace is employed at the Community Workshop in Glens Falls and was featured in the September 1989 issue of Production Post, a newsletter published by CWI.

The following students from Hague participated in the fall sports program at the Ticonderoga High School: Section Seven, Class C Champions Ticonderoga harriers included Tony DeFranco. Playing football were Dan Dorsett and Richard Belden. Liz DeFranco is a member of the Girls' Gymnastics Team and Kelly Marcotte a member of the Cheerleading Squad.

KIWANIS SENIOR CITIZENS PARTY

The Kiwanis Senior Citizens Party will be held Thursday, December 14 at 1:30PM in the Ticonderoga Elementary Middle School Cafetorium. All Senior Citizens are invited.

The program will feature the Elementary School Chorus, a light lunch and a visit from Santa and Frosty.

DON'T FORGET THAT THE LANDFILL IS CLOSED ON MONDAY AND TUESDAY, DECEMBER 25 AND 26 - OPEN DECEMBER 27 FROM 12NOON TO 5PM. BEGINNING JANUARY 2 LANDFILL HOURS WILL BE 12NOON TO 5PM EVERY DAY EXCEPT MONDAYS AND WEDNESDAYS WHEN IT WILL BE CLOSED. (This is the same schedule under which it has been operating since November 1.)

HOLIDAY MAGIC

On Sunday, December 10 the Champlain Valley Chorale will be presenting a Christmas concert at 4PM at the United Methodist Church. The Carillon Garden Club will have wreaths, centerpieces and other decorations on display in the fellowship hall of the church from 3 - 6PM. Following the concert all are welcome to attend a reception in the hall at which time they may partake of refreshments and see the displays, if there was not enough time before the concert.

And as long as you are out, you might want to leave home early enough so that you can stop in the Hancock House and enjoy the delightful trees which are on display, plus many other beautiful Christmas decorations. An open house will be held there from 1 - 3PM. Much work went into this display and should be enjoyed by all the folks in Ticonderoga and the area.

Take advantage of what your neighboring town has to offer!

WARREN COUNTY SUPERVISORS

RICHARD E. BOLTON, Hague's Town Supervisor who was recently elected to his 7th term, is expected to become the new Chairman of the Warren County Board of Supervisors. On November 16 a Republican caucus named Bolton as Chairman of the County Board. Officially, the election of the new Chairman will take place at the Board's organizational meeting to be held this January. Fifteen of the twenty supervisors in Warren Co. are Republicans and control 784 of the 998 weighted votes.

Bolton's grandfather, Richard J. Bolton, was Hague's Supervisor for more than 30 years and also served as Chairman of the County Board.

As Chairman, Bolton can no longer serve as a chairman of any committees, but he will be responsible for naming the committee chairmen. At present, Bolton is chairman of the Solid Waste, Lake George Affairs and Data Processing committees. Among the most controversial and expensive challenges to be faced during the upcoming year will be trash disposal, preservation of Lake George as well as the inter-related problems associated with growth and development.
