A Note from Rick: We started out 2020 about the same way that we left 2019. It was actually very similar to the whole year of 2019. Livestock prices at TLA just didn't have a lot of fluctuation. There were small ups and downs in all markets, but as a whole prices were very consistent throughout the year. Calf prices were a little softer this week along with slaughter cows. Slaughter cattle were steady with Holsteins in the high 80's to low 90's and colored cattle in the mid teens. The Dairy cattle market is steady as well. We had our monthly Springer Sale on Thursday and the better end of the heifers brought from \$1,200 to \$1,400. Hopefully, the new year will bring a spark in these markets. Time continues to march on and it is already time to start talking about the upcoming Spring Draft Horse Auction. The consignment deadline is February 1st and we already have several exciting consignments coming to Topeka. TLA is the place to be in 2020! See you at TLA!
