

GLobal Fleet Sales, Inc.

Inventory Information

We do not offer a LIVE INVENTORY on our website at this time, as our program is specifically designed for teachers on J-1 Visas and not for online public sales.

We do offer a vast variety of makes and models of cars and SUVs. Because our inventory changes daily, it is best to view the cars in person or inquire about inventory closer to the time of your arrival. We have listed a few of our more popular cars and ones in which we have more in stock. See example photos below for more information.
