Quotes:

“She has one of the most brilliant mathematical minds I've come across in the 12 years I've been teaching. ... This student has exactly the mindset and motivation to pursue a technical degree, and she's what we as a country are looking for with those fields.” **Corey Burchill** - Teacher - Math

“When I first heard that I was selected as a scholarship recipient, I was ecstatic. My mom and dad have done so much to help me and now, with your help, I have received the support I need to ease this burden from them. For that, I will always be eternally grateful. The work you do is absolutely wonderful!” **Jessica**
