April Agenda

12 April 2022 / 5:30 P.M. / Katheryn and Wilson

ATTENDEES

Robbie Popp, Mark Lindeman, Julie Evans, Kelli Cheatham

AGENDA

Landscaping

- 2-3 different grasses of varying sizes will provide variation and depth to the area.
- Preferably grasses that will provide some color and not all brown.
- We are unsure of the irrigation points and if it is possible to tap into the sprinkler system for the grass across the sidewalk.
- Signage: There is a sign at the corner of 1st and Wilson. With the future landscaping costs, we do not want to spend money on another sign.

ACTION ITEMS

- Mark will talk to Tom about irrigation possibilities for the two corners.
- Mark will give us some grass options to decide between at our next meeting.
