DESCRIPTION: This is a quality Browning hunting bow that has been well used and shows its age. However, it is still a very good shooter. Comfortable grip. Bow has no delamination; no cracks; limbs are straight. Beveled arrow shelf. Overlays and tips are in good condition. 2 professionally filled screw holes on the side of the riser that look more like the grain of the wood than a filled hole (see pic on last page). No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in poor condition. Overall, this is a well used bow that is still in very good structural condition for its age. Comes with a new string.
