

# ForkLifts

NORTH AMERICA'S LARGEST FORKLIFT HAUL MANUFACTURER

## Largest Forklift Model Line Available

Dorsey makes forklift versions of our **Steel, Combo, and Aluminum Trailer** Models. With numerous capacity and suspension configurations and varying deck lengths Dorsey's has the largest model line.

## True Universal Design Kit

Your Dorsey is ready no matter what Forklift you need to haul. Our **fully adjustable tire stops** and **removable tire pad design** provides the most universal Forklift package on the market. With a Dorsey Trailer, your entire fleet will always be ready to go.

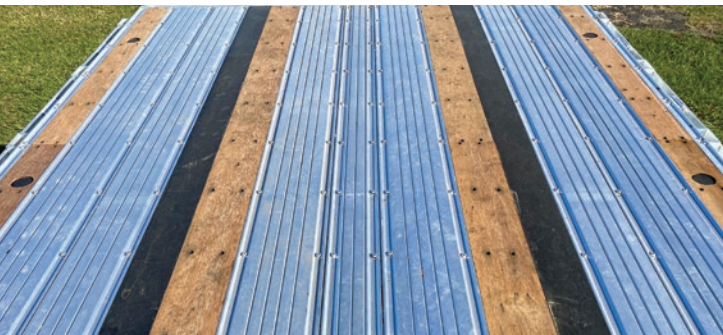

## A Dorsey is More Durable

Your Dorsey is factory equipped with Heavy Duty Materials for larger forklifts. A **Solid 3/8" HD Rear Tubing Sill** will make your large hauls easier.

# NORTH AMERICA'S LARGEST FORKLIFT HAUL MANUFACTURER

## Extending our Reach

As an option for forklifts over 48" long Dorsey offers **Fork Tubing Guides** to maximize stability and lessen suspension interference on your lift haul.

## Use Every Bit of the Deck

Dorsey trailers are built with **Counter Weight Positions** below its deck to retain maximum loading space.

## Built from the Ground Up

Dorsey Forklift trailers are designed and built specifically for lift haul applications. **Our forklift kits are not an after market add on.**

## Custom, Custom, Custom

From our custom paint jobs to custom lengths to **design and build flexibility**, Dorsey works with you to get the trailer you need.
