EXPERIENCE

Owner, Tuner, Technician | Marietta Motorsports

2006 – 2018

- Owned and managed independent motorcycle repair, tuning and performance shop; specializing in metric streetbikes and cruisers. Managed up to five employees with revenue of \$350,000+ a year.
- Trackside tire, suspension and repair vendor for race and trackday organizations across the Southeast; using a 44' trailer outfitted as a mobile shop.
- Authored and instructed a one-day WERA and CCS accredited roadrace licensing school and mock-race, used by N2 Track Days, that prepared trackday riders for club level racing.
- Tuned motorcycles using a motorcycle dynamometer via carb re-jetting, "piggy back" fuel controllers, ECU flashing and / or "kit" replacement ECU's.
- Suspension rebuilding and aftermarket upgrades including suspension baseline and tuning based on rider's skill level and weight.
- Crew-chief / crewmember for professional and amateur road racers in WERA, AMA, MotoAmerica, Isle of Man TT and Macau GP.
- Owned, managed and / or sponsored roadrace riders and teams.
Most recently: Anne Roberts aboard the Marietta Motorsports Yamaha YZF-R6 in WERA and MotoAmerica.

Senior Systems Engineer | Lockheed Martin Aeronautics Company

1997 – 2006

- Project manager, lead subject matter expert and courseware author developing Computer Based Training; Computer Aided Instruction; Simulator Exercises; and Aircraft Missions for aircrew training on the C-130J Hercules II transport aircraft.
- Involved identifying customer requirements; collection of technical data; production of course profiles, syllabus, and lessons; scheduling author, designer, and developer efforts; testing of aircraft, simulators, and training devices; and customer final acceptance.
- Managed specification studies, construction and customer acceptance testing for a Rear Cabin Trainer: an \$11 million simulator for the cargo compartment of the C-130J aircraft; built to satisfy customer aircrew ground training requirements.

Aircraft Loadmaster | United States Air Force Reserves

1992 – 2005

- Assigned to the 700th Airlift Squadron with the rank of Technical Sergeant (E-6) as an Aircraft Loadmaster aboard C-130H Hercules transport aircraft.
- Duties included: Supervision of loading and unloading of the aircraft, aircraft weight and balance calculations, passenger handling, rigging of airdrop loads, and the tactical airdrop of personnel, equipment and supplies in a variety missions.
- Secondary duty as Unit Mobility Non-Commissioned Officer responsible for the worldwide deployment of 145 personnel, equipment and supplies.

SKILLS

- 20+ years motorcycle repair and tuning
- Superb customer and student relations
- Excellent classroom instruction
- Ability to explain complex equipment, systems and theories in easily understandable and relatable terms
- Worldwide motorsport industry contacts
- Experienced world traveler
- Computer use including Microsoft Office products Word, Excel and PowerPoint; networking and hardware
- Motorcycle license with 32 years of riding experience
- Highly motivated
- Quick learner

EDUCATION

Mechanical Engineering | Southern Polytechnic State University

1994 – 1996

- 70 hours (Junior) devoted towards a Bachelor of Science degree in Mechanical Engineering Technologies. Electives structured to include many computer sciences, computer aided design, and manufacturing classes.
- Founding president of the Society of Automobile Engineers (SAE) SPSU student chapter and team member of the school's Formula SAE team.

ACCOLADES / AWARDS

DynoJet Approved Tuning Center

Team Yoshimura customer training; *certificate of completion*

Ohlins Approved Service Center

Ohlins TTX School; *certificate of completion*

Ohlins Roadrace Seminar; *certificate of completion*

Medium-weight, Senior Superbike, Southeast Region Champion: 2014; WERA

Kevin Schwantz Suzuki School; *certificate of completion*

Air Force Reserve Superior Performer: 1996; AFRES Inspector General

94 Airlift Wing Airman of the Year: 1994; Dobbins Air Reserve Base, Georgia

Air Medal; *Operation Provide Promise, Bosnia-Herzegovina*

Aerial Achievement Medal; *Operation Provide Comfort, Incirlik Air Base, Turkey*

Aerial Achievement Medal; *Operation Joint Endeavor, Bosnia-Herzegovina*

Air Reserve Forces Meritorious Service Medal; Dobbins Air Reserve Base

Advanced Airlift Tactics Training; St. Joseph Air National Guard Base, Missouri

Society of Automobile Engineers Chapter President; 1996, Southern Polytechnic

Enlisted Aircrew Flight-time: 2300+ Flight Hours
