The Security Services Leader

Security Guards

Whether you own a small business or are tasked with managing a large company, you can benefit from the professionalism and experience of your security guards.

We understand that different clients have different reasons for needing security personnel in place. No matter the circumstances, we pledge to provide you with the excellent service you deserve.

The Protection You Need

Our security guards are trained professionals who are committed to surpassing every expectation.

Whether you're searching for commercial security, support for an event, or a permanent installation in a sensitive or high-profile location, you can place your trust in our team.

When you choose Tri-State Security and Patrol Services, you can count on:

- Security professionals who are dedicated to your safety
- Intelligent risk assessment and auditing services
- Competitive rates and a customer-first ethic

Don't settle for an average security service.

Call the professionals at Tri-State Security and Patrol Services today for more information or to discuss your needs.
