December 4	White
December 11	Red

In order to help the children learn their colors, as well as gain an opportunity to speak in front of the class, we are asking for the children to bring in an item from home for the color of the week listed above. Try to choose an item that actually is that color in real life. For example, a horse in real life comes in brown, black, or white, but not purple like some stuffed animals. Be creative with your choices, like marshmallows or cotton balls for white. Bring the item on the first day of the week your child attends class, and we will return the items the following week. By the end of the week the children will have their item displayed in our very own color museum in the classroom.
