

Date

Address

Dear <<name of contact>>:

<<name of hospital>> is officially notifying the <<name of accrediting agency>> of the intent to relinquish the existing individual hospital accreditation in order to utilize the Ascension/St. Vincent's Health (#4008174) Interprofessional Joint Accreditation.

This is a system-wide effort toward a full integration of the continuing educational program across all hospitals within the Ascension System. This transition streamlines Ascension's processes, is more cost-effective and maintains the focus on quality and integrity of accredited continuing education. The integrated approach still permits localized activities to be certified for credit – either on a interprofessional or uniprofessional basis as permitted by Joint Accreditation.

This action will become effective on <<date>>. Thank you for your attention.

Sincerely,

<<Name>>

<<Hospital/Facility>>
