Q14 Does your administrator impact the working conditions, positively or negatively, at your worksite?

Answered: 8 Skipped: 6

#	RESPONSES	DATE
1	It has been a very stressful year, not only with Covid, but also the fact that our school is being remodeled. We all have had to move classrooms and will have to move a second time. We are asking questions about furniture in the new rooms, work space, storage space, etc. and getting no answers. It is creating a negative feeling among the staff and definitely adding to our stress.	2/21/2022 10:18 AM
2	Our administrator positively impacts the working conditions at our worksite.	2/18/2022 12:15 PM
3	Positively	2/7/2022 9:12 PM
4	She relies on her staff to do the work for her. The staff does not want to take directions from the other staff. They want to her from her.	1/28/2022 2:07 PM
5	She is positive, but the worksite is nothing like it used to be! People are very political, and stressed out! Every time we have a handle on something, something else is implemented or changes. Half of our classes are always out, and it's hard to test, give CFA's or simply provide adequate instruction to a class that is missing half of our students.	1/26/2022 12:48 PM
6	Positively. The persons who impact our worksite negatively are the people that are not committed to doing their jobs. Some teachers are not putting kids first. The administrator tries to always put the kids first.	1/26/2022 12:40 PM
7	Positively	1/25/2022 6:39 PM
8	Totally POSITIVELY.	1/25/2022 2:39 PM

2	The administration tries very hard to do this. If it is not happening, it is an accident or a failure of teachers to communicate.	1/26/2022 12:42 PM
