**LITERACY ACCESS FUND ANNOUNCES 2019 GRANT AWARD  
TO THE MONTGOMERY COUNTY-NORRISTOWN PUBLIC LIBRARY**

CHESTER, PA - Literacy Access Fund, a 501(c)(3), public charity, announces a grant award of \$7,770 to the Montgomery County-Norristown Public Library in Norristown, Montgomery County, Pennsylvania. Literacy Access Fund secures funding from corporate, foundation, and individual partners in order to provide financial support to underfunded public libraries through a competitive granting process. The goal of the organization is to help libraries provide equal access to quality resources for young learners, regardless of economic factors.

The award was made possible through partnership funding from Bryn Mawr Trust, headquartered in Bryn Mawr, PA. The grant will help fund the acquisition of state-of-the-art technology for young children and other library resources.

Kelly Isett, President of the Montgomery County-Norristown Public Library's Board of Directors, noted the Board's gratitude to Literacy Access Fund for the award. "It amazes me to see the wide range of programs, services, and activities that this library offers every day. This grant will provide our young patrons access to technology education that they might not otherwise obtain. We are grateful for this support."

Kathy Arnold-Yerger, Executive Director of the Library, wished to thank Literacy Access Fund and Bryn Mawr Trust. "These funds will go a long way in continuing our efforts to make the library not only a safe and nurturing environment for children and their families, but one in which young people will gain new skills, confidence, and knowledge in the critical areas of STEM education."

Deborah B. Sorgi, Ed.D., Chair, Director & President of Literacy Access Fund, shared her thoughts. "Literacy Access Fund is pleased to support the Montgomery County-Norristown Public Library's initiatives to improve literacy and technology for young English and Spanish language learners which will promote cultural diversity and mutual understanding. Ms. Arnold-Yerger's long-range goal to develop a technology-literate community is to be commended." Dr. Sorgi also noted, "We continue to identify and support deserving public libraries to help their littlest members read and succeed in school and life."
