Billy Jack Barrett / Jeanne Springer

Being horse folks, we all appreciate the beauty of the horse. Their tie with man goes back the early ages of time.

Our love and mutual respect continues to grow. How many know of Sir Barton? Well Sir Barton was first triple crown winner and the beginning of the permanent Fort Carson Cavalry program. Come learn the history of the war horse through the current deployment of our powerful friends in Afghanistan.

As our soldiers return, the horse continues to support them. The Remount Foundation, supported by The Temple Grandin Equine Center, provide therapy services through horses, for our military and family members. Come see how these horses are saving lives every day.
