# HEROES & TALES

## FANCIFUL SINCE GENERATIONS.

They have been with us since childhood and fired the imagination of our parents before us: Those heroes and their stories that came to fame throughout the years in literature, film, and television. Konitz knows what it takes to pass on these worlds of experience from generation to generation.

### GUESS HOW MUCH I LOVE YOU

The classic story of the big and little rabbit in “Guess how much I love you“ has given life to our range. The perfect way to tell someone how much you love them.
