**Entrepreneur Junior Class Description - 8 seessions:** Calling all artists who are eager to express themselves creatively and transform into junior entrepreneurs. This class will teach your child “business basics”, how to make and sell crafts/art. They will create and sell their own art, make signs, business cards, create an inventory sheet, fill out a craft form application and THE BEST PART.... participate at their very FIRST BUSINESS VENTURE, the middle school craft fair. From decoupage art, to repurposing projects, they will create inventory to sell. MOST IMPORTANT.....learn the art of HAVING FUN while building confidence and people skills. Proceeds will go toward a celebration party and to a charity of the student’s choice, the most humble lesson of all....the art of giving. Each child will get to keep one of each project that they make; we hope to make 2 or 3 of the same craft/art to build inventory. Inventory will be sold and proceeds will go to a charity. Any remaining crafts will be giving as gifts to the senior center around the holidays. If your child does not wish to donate their inventory, they cannot participate at the craft fair. After all ...this class is to teach about business. Each child will be given a time slot to work the fair, TBA closer to the show date. Each will be allotted 1 to 2 hrs. to work, so that each kid gets a turn (no more than 5 students at a time). The parents are responsible to drop off and pick up your child. Age 5-7 class, parents must stay but can enjoy walking around the craft fair while we conduct business!!
