5.1 Emergency Calling Most of World

Emergency Calling Most of World

At or before Service activation at a Most of World Site with outbound BVoIP calling, Customer certifies it has and agrees to continuously keep individual business lines and other appropriate facilities with a local service provider or other provider capable of, and responsible for, providing Customer access to three-digit emergency dialing services, if AT&T does not provide emergency dialing service and for as long as AT&T provides outbound BVoIP service to that Site. Customer is responsible to ensure that all calls to these emergency dialing service numbers are routed over appropriate facilities to ensure completion provided by that local service provider, or other provider. Customer agrees to indemnify and defend AT&T from and against any and all third-party claims and related loss, liability, damage and expense, arising from Customer's failure to perform Customer's obligations outlined in this Section. AT&T's provisioning of outbound BVoIP service is conditioned upon Customer's full compliance with these obligations, and failure to do so is a material breach of this Agreement. For country-specific E911 advisories and limitations see Attachment A to this Pricing Schedule, if applicable.
