

CARPENTERS LOCAL UNION 322

December 16, 2016

Dear Member,

As your Recording Secretary, I am writing to inform you of a dues increase pursuant to an action of the 2015 General Convention of the United Brotherhood of Carpenters and Joiners.

Please be advised that your monthly dues for Carpenters Local 322 will increase by \$1.00 per month effective January 1, 2017. Please see the dues rate chart below.

As the last increase was effective in May 2008, this new increase as requested by the International will ensure the best ongoing training for our members, the ability for our union to lead and advance in many areas, and will effect positive change for our members.

All dues payments previously made for months in 2017 will remain applied to your account but you will need to pay the difference between what you paid and the new dues amount.

If your dues are automatically paid through your Savings Plan contribution, or by some other deduction from your pay, that deduction will reflect the new dues amount starting January 1, 2017.

If you are a member who qualifies for retired (age 65 AND 30 years or more continuous service) or disabled dues under Section 50 of the UBC Constitution, this dues increase does not apply to you and your monthly dues will remain the same.

DUES RATE CHART
