

June 18, 2020

Dear Family and Friends of Messiah,

The Council met last Tuesday, June 16th, and conducted our regular Zoom monthly meeting. As you are aware, one regular item on the agenda is whether the church should remain closed until the next meeting. After looking at the latest Ohio Covid-19 infection trend, we decided that the church will remain closed for another month. All groups outside the church have been notified and will be informed with each month's decision. The Worship Committee is working on possibly having a parking lot service so people can see and talk to each other – the service would be heard on their car AM radios. However, social distancing will be practiced assuring safety. May God grant us all the strength to endure this difficult period and the continued good health for the future.

Tom Griffith

Messiah Council President
