

# CF INSPECTION

A CYPRESS ENVIRONMENTAL AFFILIATE

## CAPABILITY STATEMENT

CF Inspection Management, LLC (“CFI”), established in 2015, is a nationally qualified women owned inspection, integrity and environmental services business, certified as a National Women’s Business Enterprise by the Women’s Business Enterprise National Council. In addition, CFI has received and continues to maintain its Certificate of Eligibility from the Supplier Clearinghouse for the Utility Supplier Diversity Program of the California Public Utilities Commission. CFI offers a comprehensive range of inspection and asset integrity services for the energy and utilities industries. CFI is a partially owned affiliate of Cypress Environmental Partners, L.P., a NYSE publicly traded partnership (“CELP”). Based on this affiliation, CFI has access to unique and proprietary inspection and asset integrity equipment and processes.

# President & Owner | CF Inspection Management LLC

*Cindy A. Field*

Cynthia Field is the founder, President, and CEO of CF Inspection, a Women's Business Enterprise ("WBE") certified by the Supplier Clearinghouse in California and Nationally by the Women's Business Enterprise National Council.

Ms. Field also serves on the Board of Cypress Environmental Partners, L.P. (NYSE:CELP) since 2018 and was a Co-founder in 2012. Ms. Field is a material investor in the Partnership and serves on the board of the holding company that controls the General Partner of the Partnership.

After graduating in 1984 from the University of Oklahoma with a Business degree Ms. Field went to work for Vintage Petroleum. At Vintage, she secured properties for oil and gas wells working in their land department. Once starting a family she retired and went into volunteerism and philanthropy.

In 1992 Ms. Field went to work for the Charles and Peggy Stephenson Family Foundation as the Executive Director and Trustee. She has also served as past President of the Gilcrease Museum National Board and is currently a board member. Ms. Field believes it is important to be involved and connected to your community.

CF Inspection has assembled an integrated professional team capable of supporting all phases of project execution:

- Operator Integrity Management Plan (IMP) specifications
- Historical as-built, repair, maintenance records and analysis
- Risk assessment to define specific asset threats
- Project managers- providing comprehensive project progress and cost tracking.
- In-line inspection feasibility assessments
- Department of Transportation ILI assessment and remediation documentation
- All field personnel responsible for asset integrity and maintenance.

**Successfully secured long term inspection contracts with one of the largest national utility providers**

**\$10 - \$13MM in Annual Revenue**

**Job creation for 40+ Workers**

**Meeting the operators' minority spend quotas**

**Additional Accomplishments:**

CFI is registered to work for Utility, Municipal and Energy companies

Created gateway for asset owners to satisfy minority owned spend requirements

CWI, API 653, API 510, API 570, NACE

Access to extensive database of over 18,000 professional inspectors
