

MaineDOT Notice to Contractors

NOTICE

The Maine Department of Transportation, Well Claims Unit, will periodically hire well drilling contractors for services including: well drilling, pump and waterline installation, well abandonment, and hydrofracturing. MaineDOT is now inviting all well drillers registered with the State of Maine to enter into three-year service contracts. The primary benefit of the services contract will be an expedited and streamlined payment process.

From this time forward, MaineDOT will normally send requests for bids to well drilling contractors who have completed three year service contracts with the Well Claims Unit. Please contact Kathryn Stebbins, kathryn.stebbins@maine.gov, or 624-3100 for contract packages, or if you have any questions.
