

How to download your records on Patient Portal

Go to www.nextmd.com and log into your patient portal account.

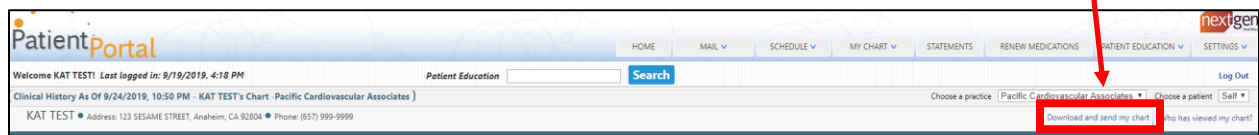

On the top menu click on **My Chart**

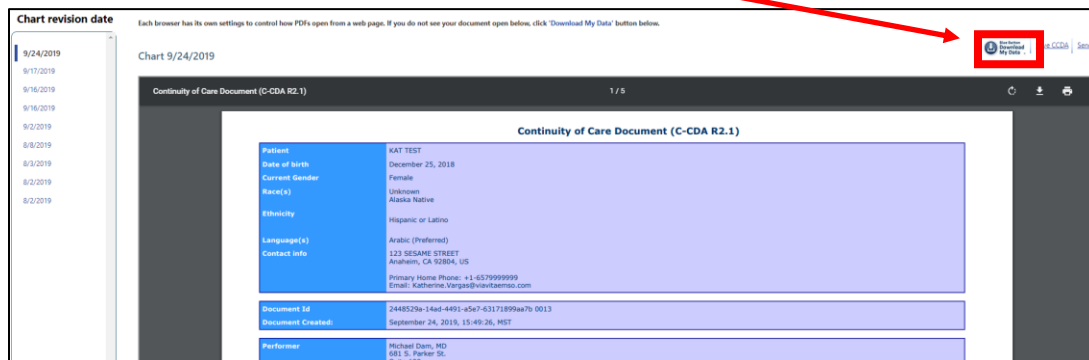

Select **View My Chart**

On the far-right side of the page, under our practice name, it will say **“Download and send my chart”**

When your chart appears Click on the **“Blue Button Download My Data”** icon on the far right.

A PDF of your record will appear at the bottom of your screen ready for use. Feel free to open, print, save, or share the document.
