

START THE NEW YEAR BY SAVING THE EARTH

The City of Irvine has pledged to reduce carbon emissions by 2030. Come join neighbors to study and implement the **Cool Irvine Program**

If you are worried about climate change and want to help but do not know where to start, you're not alone. The great news is that there is a lot we can all do that can really make a difference! 40% of the emissions that cause climate change come from daily activities where we now have the power to make a change. There are now many actions you can take that will not only help with climate change, but also save money, improve our health, and create local jobs. We have the power today to fight climate change and improve our lives.

Signup for the Cool Irvine Program today and learn about solutions. Find actions that are right for you. Find tips and resources to help with actions. See your impact and progress.

Work together with neighbors by contacting your Villas neighbor, Angie Dickson, angie@adickson.net or 714-423-2229.
