The Earth Formation

The Earth Continents, Peninsulas, and States have a round ball shape. When the Earth opens, all the round balls falls into place and burst open. Once they are opened, they connect with the other Continents and states and form the Earth lots and plots.

Any name that Jamaica West Indies has, it is the name of the Earth. Jamaica and the Earth is connected and cannot be changed.

The devels went into the Natural Natural Earth and they demanded many continents, Peninsulas and States. They were told no. They cannot get any. Then the devels begn to build an elevation above the Natural Natural earth as they like to on top. The devels came in and cut out the Europe areas and put them in this area they are building on top. Then the devel went back and demanded the Europia areas. They said no. Then they realized that the devels cut out the Europe areas and moved them away. So the Europia locked down their areas and refused to let anyone come in. The Earth Lives could travel from one Earth level to another to visit and this has to be stopped as the devels were going in between and removing the states, continents, and peninsulas.

Then the devils went and tried to cut out more places and demanded the continents that have shiny objects and colorful objects. Then they said no. Then the devils began to torture them and kill them. Then the devil said if they do not give them what they wanted they are going to kill more. Then the devils killed more and more of them, and tortured, terrored them over and over. The devils tore out one of the three African Continents. The devil took it and put it on the area above that they have made. The devil began to look for the gold and diamond and the shiny objects and couldn't find any. Then they went back to the lower elevation and said the African continent we stole has no shiny objects in them. Then the lower Elevation said to them, the shiny things are under the ground, as no one put those on top. Then the devils went back and began to dig and they found the shiny things under the soil.

Then after a while the devils returned and began to remove other states. They said no. You already ripped out one of our African continents. Then the devils said they wanted more and began to kill them again, tortured them, and terrored them. Then the devils said they wanted Jamaica and Russia. They said no we are not going to give them to you. So, the devil brought in more and more devils and tortured them more and more. They eventually the devils came in with humungous machinery and tools and tore out the Russia continent and the Jamaica continents. These are two round ball that are fully connected. They took them and put us on top of those who are below. The devils went back and got more places. (Angola gave me this information). Those who are on the lower elevation of this Natural natural earth they cannot transcend, and so they live on and on for three thousand years, as they cannot die.

What States Esist Today

Most of the countries in esistence today in this Natural Natural Earth are for the most part Jamaica. They were cut out and put in many different locations. Jamaica West Indies soil and ground are the best. The devils cut away the Earth States and towns, then left the areas falling apart. They go into Jamaica and cut out the states and towns and use them to patch other areas by stitching them together.

The second place in terms of number of esisting states is Russia. Russia was terribly destroyed. Russians States survived a lot of terror, and they worked to prevent the devils occupying and tearing Russia apart. Russia is a continent. The devils planned to destroy Russia, and they came with humangas machinery, tools and power, to destroy Russia. As usual, these insects do not think of the consequences of what they are doing, and they not think before they act. The devil likes the warm areas s they chose to cut Russia in the warm areas. They cut the Russian continent with this machinery, and it burst open, and many of the states inside Russia were flung out in the ocean with the gush of water and power. When Russia burst open, it became vertical, almost like a straight line. Russia had warm temperatures areas and cold temperatures. Many of the States were broken apart and sunk in the gush of water. What we have today is the warm areas of Russia, separated from them. Some of the warm areas of Russia are in the place called Persian Gulf: Dubai, Quatar, Ad Damman & Bushehr, Bandar – e- Abbas is Jamaica W.I. and Russia, Shiraz is Jamaica W.I. and Russia. Hawaii is in the U.S.A and Russia.

The Persian Gulf is Jamaica W.I., and they are also tied up on posts with the use of realities and realm. The States are Quwait, Quatar, Persian Gulf, except those that are for Russia. Sri Lanka is Jamaica and tied up with the use of realities and realm. Many Sri Lankan are in India, Pakistan,

Nepal and other States. In Asia Taiwan is Jamaica W.I., Halman Dao is Jamaica W.I. Tailand is Jamaica and has some Chinese, and other Jamaicans from those states that are scattered and near to Tailand. Georgia in Russia is half pink skin Jamaica and half pink skin Russia, the name Georgia is a Jamaican name. Armenia is Jamaica, Azerbaijan is Jamaica, Iran is Jamaica, Turkmenigtan is Jamaica, Uzbekistan is Jamaica, Kyrgyzstan is Jamaican, Tajikistan is Jamaica, Afghanistan is Jamaica, Pakistan is Jamaica, UAE is Jamaica, Saudi Arabia is Jamaica, Oman is Jamaica, India is Jamaica, Nepal is Jamaica, Bhutan is Jamaica, Bangladesh is Jamaica, Burma is Jamaica, Laos is Jamaica, Cambodia is Jamaica, Viet Nam is Jamaica, Malesia is Jamaica, Indonesia is Jamaica, Brunel is Jamaica, Philippines is Jamaica, Kazakhstan is Jamaica, Madagascar is Russia, Egypt is Jamaica and sister to Jordan which is the Gordon State, Somalia and Mali are Jamaican, Tunisia is Russia, Cameroons is Jamaica, Angola is Jamaica and South Sudan's are Angolans and Jamaicans, Zimbabwe is Russia, Tanzania is Jamaica, Western Sahara, Russia, **Guine Bissau**, Russia, Ivory Coast is Russia, **Brunei** is Russia, **Malawach** is Russia, Seychelles is Russia, Cape Verde Russia, All the others in Africa are Jamaica.

Australia is Jamica West Indies. They remove the **Antelope devels** from this Earth and the devels cut them out.

New Zealand is from the Jamaica Creations that is below this Earth. The devel cut them out and place them there. The Wellington area is also New Zealand. The New Zealand are called Zealanders and they are the Morei Indians.

China is Jamaica West Indies. They were cut out and pushed far away and connected to India. Many of the countries around china are part of China. China has Black Chinese, Indian Chinese, Pink skin Caucasian Chinese, And many different colors Chinese. They used the dragon to remove the devels from the Earth. The dragon is mixed with many devel things today, and not of any use.

India is Jamaica West Indies. They were cut out and pushed far away and later the devels added China to India. Many countries near India are from India that the devel cut out and renamed. India used the India Soap to wash away the devels and that is not used anymore. They also make silk from plants and banana tree and the devels stopped them from using the plants to make silk. They only use the Chinese insects to make the silk.

Denmark, Sweden, Norway, and Holland, Netherland, Belgium, France, Switzerland, Paris, are the original BRIT PAH. They were cut out of Jamaica West Indies. The British stole them and broke them up and there are many plastic devels living in these areas. They were connected to the United States Kingdoms now called the United Kingdom. They had to separate as they were being used to kill the Jamaica West Indies areas.

The United Kingdom, Great Britain is another area of the BRITT PAH State. They were much bigger and it was cut away and many areas sunk beneath the ocean because they were going into the Jamaica Creations and the Jamaica West Indies areas and killing them and cutting them away and capturing them. When the United Kingdom began to break apart and they tumbled over and sunk, only a little bit of the state was left. They went inside the Jamaica West Indies area and cut

them out and moved them and stitched them together to form the United Kingdom. They also went into Ireland and other nearby States and cut them away and attached to the UK.

Belarus, Slovakia, Slovenia, Serbia, Bulgaria, Croatia, Austria, Hungary, Romania, Latvia, Estonia, Ukraine, Lithuania, Poland are all Jamaica West Indies. They were cut out and placed far away.

Czechia is Russia and they were pushed away and connected to many Jamaica West Indies states.

Monaco is part of Morocco North Africa and is Jamaica West Indies.

Portugal is not part of Spain. They are Jamaica West Indies. Part of Portugal is in India as the devel cut them off and pushed them and attached them to India in a place called Goa and other areas in India.

All of the Middle East is Jamaica West Indies. These include Jordan, Oman, Syria, Saudi Arabia, Yemen, Iran, Iraq, Turkey, Qatar, United Arab Emirates, Mediterranean.

Ethiopia, Somalia, Sudan are all Jamaica West Indies.

Greenland and Iceland are Jamaica West Indies.

Africa Today

The Devels stripped Africa of their leaders when they removed them and put in the Jamaica Continents and other places. Then the devel went into Africa and cut out the States and sink them in the sea and those areas eventually became deserts. Then there are only two African areas left and those are Nigeria and Euphrates now called **Euretra**. They are far apart. Today, Nigeria is Jamaica and the devel cut them out of Jamaica and put on top of the Africans that were there and all the Africans died. Then the devel cut a piece of Nigeria and put the piece on top of the Africans and killed them and that area is called Euretra. Euretra is Nigeria. Then the devels went into Jamaica and Russia and cut out the many places, patched and stitched them together and call them Africa.

The Kenyans are Jamaicans and they are painted with the Black paint from they are babies. The devels put poison in their food so they are meagre and skinny and their teeth shows. The British likes to go to Kenya and to suck them out because they have an important ranking status.

There were three African Continents in the Natural Natural Earth. Many states in Africa were cut-out and later filled with Jamaica states.

Ghana is Russia. The devel cut them out and put them in the Africa continents and then they came back and wanted to go beneath the soil and the devels couldn't get under them so they crushed Ghana up, and squeezed them together so they are rubble. It made going beneath the soil even worse for the devels as they could not manage the rubble. However, Ghana is filled

with many rubble, and that is why they cannot have underground sewage as everything is rubble under the soil.

This Earth is to have one thousand Levels and one thousand Elevations, but the devels cut them down to 99 elevations and 99 levels and then the devels further cut them down to about 34 Levels and 99 elevations. This Earth has been around about 3 thousand years in the right time. This natural earth we are in has been killed many times and then we are regenerated and restarted a number of times.

This is unfinished

I AM in charge of my Earths, this Earth, my Chreations and not Federal government, Republic governments leeders, or State.
