- Email inquiries** are only for quick questions, not for detailed discussions about your pet's progress. Please schedule a telehealth recheck, rather than using lengthy emails to communicate with us.

AFTER SIX MONTHS

If it has been more than 6 months since we have seen your pet at our office, do not use our online booking site to schedule a recheck.

After 6 months, we require a follow-up office visit. Follow-up appointments are \$108-\$216, and usually require 30-60 minutes. Six-month follow-up visits are required if you are seeking prescription refills from us. Alternatively, you can ask your regular veterinarian if they are comfortable taking over responsibility for treatment and prescriptions.

You must call or email us to schedule six-month follow-up appointments. You cannot schedule those online.
