

Village 7 ARC - Crawford House Special Event

CVRC's Crawford House program provides safe emergency housing for veterans in the Colorado Springs area who are homeless and receiving VA-provided mental health care, and it provides a temporary structured living environment for veterans in VA provided substance abuse rehabilitation. Veterans are also accepted from neighboring states for the rehab program. The Crawford House program is the only program of its kind in Colorado: a private, non-profit veterans' residential treatment facility.

Members of the Village Seven Amateur Radio Club will have operational stations at the Crawford House on August 16, 2014. Come out and support our Veterans and those who support them by joining the amateur radio operators for an afternoon of fun talking with other radio operators around the country and the world.
