

Richmond Navy League delivers to USCGC NORTHLAND

The Richmond Navy League's adopted ships program delivered again, this time on 23 April 2018 to the Coast Guard Cutter NORTHLAND in Portsmouth. The ship's crew needed some exercise equipment, contacted Liaison Ken Lee, and without any red tape it was purchased and delivered. You could not meet a nicer group of men and women. With a smaller ship and crew than a large Navy ship, the NORTHLAND is more like a happy family. It shows. Board members Ken Lee, Alan Palmer, Tom Hassell & Harvey Lankford presented the gear and treated the CO, XO and others to lunch. This was a small way for us to say thanks for what they do.

Left photo shows "All Hands" gathering on the helo pad, led by XO Jeremy Greenwood with CO Marc Brandt standing by on the right. Other photo from Ken's truck, unloading the gear.
