Hope House's Annual Mother's Day Offering...

Please help us bring hope and healing to lives of young women in crisis pregnancy and expand our outreach to moms and babies in our community.

Be assured that in these tough economic times any and all gifts are greatly needed and appreciated.

All of the funds that we raise through our Mother's Day offerings go directly to help support young ladies and their babies who have no other support or place to live. At Hope House Mother's Day is all about honoring our Moms who stood for Life...

Please send your gift today...

Looking Ahead...

*On behalf of the Hope House Board of Trustees I would like to announce that we will be celebrating our 15th Anniversary with a bang. We are in the process of setting a firm date, but it will likely be in conjunction with Right to Life week in late January of 2017. You will receive a "save the date" card at some point this summer. A special invitation will follow to help us celebrate this special occasion. My hope is that some of our friends from the Northwest and across the country will make plans to travel for our celebration. Woo-hoo!!! Let's party!!!
Wes*

Christ at Work in US!

Ephesians 3:20, “Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us”, could not be a more appropriate verse for the Hope House ministry. When we think of “crisis pregnancy” we often think of a young, abandoned, single mother. However, God continues to show us that this ministry is much more than we imagine.

Often Hope House is called to minister into the lives of mothers and babies we don’t even meet. Community service providers have come to recognize Hope House as an invaluable resource. Like Patricia, the hospice worker, who was assigned to a young couple when their infant was born with an exposed brain. The family was told their daughter would not survive past several days or weeks. Weeks turned into months and the family needed assistance to care for their child as they waited. Hope House was so happy to provide infant formula and clothing items on several occasions while praying for this family. Or, the Department of Children’s Services worker needing help with infant formula as she worked with a mother whose 3 month old baby had been hospitalized-- weighing only 4 pounds and failing to thrive. The mother was isolated and struggling financially. She had been watering down the formula to make it stretch. Through the DCS worker this mother now knows she has a place to learn how to properly care for her son, be encouraged, and receive critical items. That’s what Jewel did as an active Hope House participant. Paisley was born premature, weighing only 4 pounds but is a healthy, thriving baby today because her mom knows exactly where to go for help and support.

God is able to do immeasurably more than all we ask or imagine according to his power that is at work within US! There would be no Hope HoUse without the “us”—supporters like you who help this ministry thrive and make a difference. Thank you for making Mother’s Day happy for moms and babies you may never meet! --Angie Martin, Center Director
