9. Post-season championship Meet:
 - a. Qualifying standards and entry deadlines will be determined by the League Director and published at the pre-season meeting. Qualifying standards may be relaxed if, in the League Director’s opinion, there are not enough qualifiers for the championship meet.
 - b. In any event where the MIAA Class Meet standard is lower than the PVIAC standard, that lower standard will suffice for entry into the PVIAC championship meet.
 - c. Entries for the post-season championship meet must be submitted through the approved electronic entry portal by the deadline established by the League Director. No hard copy, phone, or faxed entries will be accepted.
 - d. All individual entries for the post-season championship meet must include a legitimate, verifiable seed performance. If there is a question about a seed performance the League Director will have the right to demand written verification (Proof of Performance) of that time/distance. Relay entries must include a reasonable estimate of the time expected of the team that will be entered in the meet.
 - e. Entry limits will be the same as those for the MIAA post-season meets.
 - f. The order of events for the post-season championship meet will follow that of the MIAA post-season meets to whatever extent is possible.
 - g. All events run without trials will be seeded by time and run from slow to fast.
 - h. Scoring for all events in the post-season championship meet will be 10-8-6-5-4-3-2-1.
10. Due to multiple safety concerns, the PVIAC strongly and actively discourages coaches from allowing athletes to warm up outside of the track facility
11. Starting blocks may not be used during the regular season in the 300 or 4x400 relay events, but will be allowed in those events in the championship meet

P. Reporting Scores and Results:

All individual and team results will be published by the League Director in a timely fashion

Q. Maintaining Event Records and League Standings:
