

Proudly Serving Upstate NY Since 1980

www.adaptivepower.com

- Economical AC and AC+DC voltage and frequency converters
- 500VA to 6kVA single chassis models
- Ideal for 50/60/400Hz production testing and bench distribution

www.crlsensors.com

- Standard, custom and flight qualified sensors
- Piezoelectric accelerometers, pressure transducers and acoustic sensors
- Force balance inclinometers and accelerometers
- Strain sensors and AC&DC LVDTs

www.dataforth.com

- Industrial signal conditioners and isolators
- 5B, 7B, 8B, 9B and DIN formats
- **MAQ®20 Instrument Class®** data acquisition system
- IoT energy monitoring modules for 1/2/3 phase systems

www.druck.com

- Pressure transducers and transmitters to 10,000 psi
- Flight qualified transducers
- Digital pressure indicators, controllers and calibrators
- Portable process calibrators

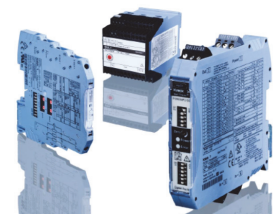

www.ipetronik.com

- Extremely rugged data acquisition systems for environmental extremes
- Wireless WiFi connectivity
- Extensive software solutions

www.knick-interface.com

- Voltage and current transducers with high isolation
- High voltage transducers to +/-4800 V
- SiL3 pulse/frequency conditioners and repeaters
- Universal isolated signal conditioners

www.pacificpower.com

- Precision AC and AC+DC power sources
- Highly programmable and reliable
- Ideal for product development, avionics qual test, safety test, EMC labs, and ATE
- DO-160, MIL-STD-704, Boeing, and Airbus test software

www.panametrics.com

- Clamp-on ultrasonic liquid flowmeters
- Wetted ultrasonic flowmeters for liquid, gas and steam
- Trace moisture probes and analyzers
- Oxygen and binary gas transmitters
- Sample systems and packaged solutions

www.ptf-llc.com

- Frequency and time reference standards
- NTP/PTP Servers
- Distribution amplifiers for HF, VHF, RF, Optical, Digital, and Time Code

TDK·Lambda

www.us.lambda.tdk.com

- Programmable DC power supplies from 750 W to 90 kW
- High performance **GENESYS™** and **GENESYS+Plus™**
- Programmable high power racked systems
- New **Programmable AC+DC Power Sources** for test, compliance and flight certification

www.tss-inc.com

- Complete turnkey test systems
- Custom design and build, build to specification and build to print
- 100% test software integration

YOKOGAWA

Test&Measurement

tmi.yokogawa.com/us

- **ScopeCorder** high performance data acquisition instruments
- Digital power analyzers and power meters
- DSOs & MSOs with extensive serial bus analysis (CAN, LIN, FlexRay, SENT, CXPI, I2C, SPI, and UART)
- SMUs, current sources, AC&DC standards
- **SMARTDAC+®** distributed data acquisition and control system

Our team of professionals is ready to assist you with your application and ordering needs.
