-----	----------	------------------

A Note from Rick: Mixed markets this week at TLA. Bull calves and heifer calves were both stronger, especially heifer calves. Butcher cows were stronger as well and seem to be on a slow and steady ride up. Hopefully it will continue, and all signs point to that being the case. Butcher cattle, on the other hand, are heading the other way. Colored cattle are taking the biggest hit, but Holsteins were cheaper this week as well. For the short term, this looks to be the trend and we need something to positively affect this market or we may have a tough stretch ahead this summer. The Hay market was very light with prices that were cheaper as well. The pressure has been taken off and it comes as no surprise with hay being made and pasture growing everywhere. Summer sale season is upon us and we are looking forward to a busy summer at TLA! We want to be sure and thank our veterans, both past and present and their families, for the sacrifices that they have made for our great country.
