RIDING FOR THE LAKES

Jerry Hickey

You may well know by now that Jerry Hickey and his brother Bill will be taking on a 320 mile bicycle ride this summer as a supplemental fundraiser for the Association's water quality and weed control fund. At \$10 a mile the fundraising goal was \$3,200 which now has been surpassed. The ride will begin on June 12th in Brockport, NY, follow the Seaway Trail and end with a "ceremonial" dipping of the front wheels in Mountain View Lake on June 15th.

In order to raise awareness of the importance of supporting lake quality issues, Jerry and Bill will be

wearing bike shirts with the Association's logo and the phrase "Riding For The Lakes."

Having gone beyond the original fundraising goal, Jerry has promised that he'll keep riding (though later in the summer) in the direction of Vermont. With continued pledges maybe we can get him all the way to Montpelier! (Bill however, will probably get a ride back home.)

You can support the ride with a pledge made to info@mountainviewassociation.org or by including a separate donation with your annual membership dues.

MOUNTAIN VIEW ASSOCIATION CAMP DIRECTORY

Connie Burton

Have you ever wanted to connect with neighbors on Indian Lake but not had their phone number? Have you ever wanted to send a Christmas card to your summer neighbors on Mountain View Lake but not had their home address? This has been a common experience for many of us on the Board of Directors so we decided to reach out to our membership about putting together a directory of our members. We believe that such a directory will strengthen our ties as a community and enable us to better stay connected both during the summer when many of us are in camp and also during the off season. If you would like to be listed in the directory, and give the Mountain View Association permission to print and distribute your contact information, please send an email to us at info@mountainviewassociation.org and include the following information:

Name	Camp Telephone Number
Location of Camp (i.e., East side of Indian Lake)	Home Address
Camp Name	Home Telephone Number
Camp Address	Email Address

(If you have more than one email address that you would like listed, please include them).

Thank you and we will keep you posted on the progress of this project.

MVA FUNDRAISING IDEA CONTEST

Jerry Hickey

As an attempt to generate ideas and greater involvement from our members, a "Fundraising Idea Contest" was presented in our fall newsletter. Unfortunately there were no ideas brought forth in which an individual wished to take on a leadership role in putting a project together. So, there is no winner to announce and no new fundraising activity to implement. We'll try again next year.

Remember that the ideas don't need to be complicated. They just need to be ones that will benefit the Association and one's in which the winner is willing to take on the responsibility of putting the plan in place. We need the involvement of everyone to preserve our lakes. This will be a great chance to jump in and help.
