

The WESTERN NEW YORK FAMILY SUPPORT DIRECTORY

“The Coalition”

Parent AND Professional Partnership: A Work in Progress

The Western New York Region Family Support Coalition was formed in 1995 by parents and mental health professionals dedicated to increasing support, and services for families who have children with social, emotional, behavioral, or mental health disabilities. This group decided to incorporate and, in 2001 achieved its 501 (c) 3 status as the Children’s Mental health Coalition of western New York, Inc. “The Coalition” is comprised of representatives from Family Support Programs, Compeer Programs, CCSI Programs, HCBS Programs, School Support and PBIS Project Sites, CR, RTF, and FBT Programs, SPOA Coordinators, and Common Sense Parenting Instructors, as well as the 19 County Mental Health Directors.

“The Coalition”, meets on the fourth Tuesday of every month, in various locations within our 19 county region, for state and regional information sharing; networking and support. “The Coalition” also provides training and education for parents and youth. Parent Advocates and interested community partners; sponsoring conferences, encouraging parent/professional partnerships, supporting collaborations, and works closely with New York State Office of Mental Health, and Families Together in NYS, Inc, as well as other service providing agencies in Western New York.

Finger Lakes Parent Network, Inc. is a parent-governed, not for profit organization focused on the needs of families who have children with emotional, behavioral, mental and/or developmental disabilities. Our mission is to support and empower families so they can improve the quality of their lives and help their children to achieve their full potential within the community. All services are offered at no cost to the families.

Our services for families include bi-weekly parent/caregiver groups with trained peer facilitators providing self-help support and education as well as free, on-site childcare. We also sponsor caregiver attendance at a variety of regional conferences and educational workshops. Peer advocates work across a variety of systems to provide peer support, education, advocacy, information, and referral. Teen-driven support groups participate in education, recreation activities and community service projects. Hourly in-home respite care is also provided for families by trained staff with background clearances.

We provide wavier contract services through the Office of Mental Health, Office of Children and Family Services -Bridges to Health program and the Office for People with Developmental Disabilities.

The Finger Lakes Parent Network, Inc has a teen group. We empower our teens to make good choices, have fun, participate in community service activities, self advocate and interact with peers while being responsible, respectful and following rules made by the youth. Both the identified teens and their siblings are encouraged to participate in teen group. We allow pre-teens from the age of 12 to move from childcare to the teen group with the expectation that they are held to the same standard of behavior as the older teens.

The Families' Child Advocacy Network And Family Advocate Network of Support (FANS)

135 Delaware Avenue, Suite 210
Buffalo, NY 14202

Provides monthly roundtable meetings for families enrolled in Care Coordination services to empower family voice to celebrate what is working and identify gaps or barriers in the system of care serving our children and youth; Family support services for families enrolled in care coordination and family support (both individual and groups) for families whose youth are involved in all aspects of Juvenile Justice. FANS meetings are held the first Wednesday of each month from 12 PM to 2 PM. Please call Families CAN for the location of the monthly meeting. All family support partners in Erie County are encouraged to attend to share resources and our commitment to the family support movement!

The Parent Network of WNY716-866-277-4762

Parent Network of WNY is a resource for families of individuals with special needs and for professionals who work with them. Our goal is to empower families to successfully advocate for their children. We do this through our workshops, conferences, and information and referral services where we link people to community resources or provide one-on-one consulting to callers in search of information. We are designated as a Community Parent Resource Center, funded by the U.S. Department of Education and a Special Education Parent Center, funded through the N.Y.S.

Hillside Family Support (GLOW)

Hillside Children's Center
96 W. Buffalo Street
Warsaw, NY 14569

Family Support offers advocacy, educational opportunities, a parent library, referral and linkage support, support groups with respite provided and family activities. Parents are connected to other parents who have a child with a Mental Health need (social, emotional and/or behavioral) and are encouraged to build natural community supports amongst themselves. Through our program parents are given the opportunity to work on goals that will develop their skills and confidence so that they feel empowered in making the most educated choices that will benefit their child and family.

Community Family Support Mental Health Association Family Support Program

Mental Health Association
320 Goodman Street North
Rochester, NY 14607

The Mental Health Association Family Support Program is a Parent Run Family Support Network that holds meetings in various locations in Monroe County. Respite and transportation is available for most meetings. The Family Support Program also offers advocacy and educational opportunities as well as a Spanish speaking support group. Our Family Development Team offers many parenting programs such as Systemic Training for Effective Parenting (STEP), Raising SAFE Kids and a variety of parent discussion groups on parenting topics of all kinds. As the family run service of the MHA, which is connected to the System of Care for Monroe County, the Family Support Program hosts 3 round tables for families to allow input into what is working and what isn't working for families and children. These are located in downtown Rochester and in Greece currently as well as a Spanish speaking round table at Ibero American Action league. For times, locations and to attend a round table please contact Ken Maher (see # below). The Family Support Program also has a youth development group called Peers Encouraging a Caring Environment (PEACE). To participate or for more information contact Ken Maher (see # below).

The Parent Network of WNY1-866-277-4762

Parent Network of WNY is a resource for families of individuals with special needs and for professionals who work with them. Our goal is to empower families to successfully advocate for their children. We do this through our workshops, conferences, and information and referral services where we link people to community resources or provide one-on-one consulting to callers in search of specific information. We are designated as a Community Parent Resource Center, funded by the US Education Dept. and a Special Education Parent Center, funded through the NYS Education Dept.

Finger Lakes Parent Network, Inc. is a parent-governed, not for profit organization focused on the needs of families who have children with emotional, behavioral, mental and/or developmental disabilities. Our mission is to support and empower families so they can improve the quality of their lives and help their children to achieve their full potential within the community. All services are offered at no cost to the families.

Our services for families include bi-weekly parent/caregiver groups with trained peer facilitators providing self-help support and education as well as free, on-site childcare. We also sponsor caregiver attendance at a variety of regional conferences and educational workshops. Peer advocates work across a variety of systems to provide peer support, education, advocacy, information, and referral. Teen-driven support groups participate in education, recreation activities and community service projects. Hourly in-home respite care is also provided for families by trained staff with background clearances.

We provide wavier contract services through the Office of Mental Health, Office of Children and Family Services -Bridges to Health program and the Office for People with Developmental Disabilities.

The Finger Lakes Parent Network, Inc has a teen group. We empower our teens to make good choices, have fun, participate in community service activities, self advocate and interact with peers while being responsible, respectful and following rules made by the youth. Both the identified teens and their siblings are encouraged to participate in teen group. We allow pre-teens from the age of 12 to move from childcare to the teen group with the expectation that they are held to the same standard of behavior as the older teens.

Family Support offers advocacy, educational opportunities, a parent library, referral and linkage support, support groups with respite provided and family activities. Parents are connected to other parents who have a child with a Mental Health need (social, emotional and/or behavioral) and are encouraged to build natural community supports amongst themselves. Through our program parents are given the opportunity to work on goals that will develop their skills and confidence so that they feel empowered in making the most educated choices that will benefit their child and family.

Finger Lakes Parent Network, Inc. is a parent-governed, not for profit organization focused on the needs of families who have children with emotional, behavioral, mental and/or developmental disabilities. Our mission is to support and empower families so they can improve the quality of their lives and help their children to achieve their full potential within the community. All services are offered at no cost to the families.

Our services for families include bi-weekly parent/caregiver groups with trained peer facilitators providing self-help support and education as well as free, on-site childcare. We also sponsor caregiver attendance at a variety of regional conferences and educational workshops. Peer advocates work across a variety of systems to provide peer support, education, advocacy, information, and referral. Teen-driven support groups participate in education, recreation activities and community service projects. Hourly in-home respite care is also provided for families by trained staff with background clearances.

We provide wavier contract services through the Office of Mental Health, Office of Children and Family Services -Bridges to Health program and the Office for People with Developmental Disabilities.

The Finger Lakes Parent Network, Inc has a teen group. We empower our teens to make good choices, have fun, participate in community service activities, self advocate and interact with peers while being responsible, respectful and following rules made by the youth. Both the identified teens and their siblings are encouraged to participate in teen group. We allow pre-teens from the age of 12 to move from childcare to the teen group with the expectation that they are held to the same standard of behavior as the older teens.

Incredible Years-Toddler Series (ages 12 months -3 years old)

Promotes your understanding of your toddler’s physical, social, emotional and language development. The class focuses around helping toddlers accomplish 3 developmental milestones: (1) secure attachment or bonding with parents (2) development of language, social and emotional expression and (3) developing a sense of self and unique individuality.

Incredible Years-Basic Series (ages 3-8 years old)

Focuses on promoting your child’s social and emotional competence and ways to help your child be successful in home, school, and community.

Other Services Youth and Family Intervention Program offers:

Crisis Intervention; Case Management; Short-Term Clinical Assessments with Treatment Planning; Case management with Individualized Service Plans and Intensive In-home Clinical Intervention Services; Short-term Life Skill Training; Life Enrichment Opportunities

Community Based Support Programs

Youth and Family Intervention Program works with several community programs to provide in home and on site family education, family development/empowerment support, advocacy services for families and their children.

In-Home Parenting Enhancement Skills

Youth Family and Intervention Programs’ staff work in conjunction with other agencies throughout Wayne County to help parents of children who are having difficulty in their home, school or community. Home based classes provide a tailored approach with the opportunity to present a more specialized plan of action in order to help families with specific needs and problems. It also allows opportunities for advocacy and parental empowerment.

The Parent Network of WNY1-866-277-4762

Parent Network of WNY is a resource for families of individuals with special needs and for professionals who work with them. Our goal is to empower families to successfully advocate for their children. We do this through our workshops, conferences, and information and referral services where we link people to community resources or provide one-on-one consulting to callers in search of specific information. We are designated as a Community Parent Resource Center, funded by the US Education Dept. and a Special Education Parent Center, funded through the NYS Education Dept.

Youth Power!

Youth Power! is the New York State network of young people who have been labeled and are seeking change. Together we speak up about our experiences because no one knows what it is like for us better than we do. Through peer-to-peer mentoring we empower young people to be active citizens that are aware of government operations, their rights and the ability to use their voices to influence policies, practices regulations and laws.
