2017 RULES OF COMPETITION: All participants are required to read and abide by the Speedrome Rules of Competition available on www.speedrome.com. This document includes such things as requirements for driver safety equipment and other information.

DOORPLATE and/or CAGE: Car must have a steel driver's side doorplate that encompasses both the "A" and "B" pillars. Doorplate must be a minimum width of 12" from top to bottom. Doorplate must be a minimum thickness of 1/4" and welded or securely bolted to the car. If the car has a full 4-point roll cage with door bars, a doorplate is not required. Tech has final approval on these items.

WHEELS: Stock steel, aluminum, or racing wheels allowed. 15x7 maximum: 3" backspacing or more.

TIRES: Hoosier 790's and DOT 260 or higher treadwear.

RIDE HEIGHT: A minimum of 4" must be maintained at all times.

CAMBER: A maximum of 2" camber allowed is allowed.

EVENT FORMAT: Practice time will be available on the day of the event as well as Thursday September 7th from 4pm until dark. Drivers, when picking up their transponder, will blind draw for a starting spot in 1 of 2 preliminary qualifying races. These races will be 10 laps each with the finishing order determining the starting grid for the 41-lap main event. The cars from race #1 will start in the odd numbered positions and the cars from race #2 will start in the even numbered positions. Format can be adjusted or changed due to car count.

SPEEDROME YELLOW FLAG RULES APPLY: The Speedrome regular season yellow flag rule advises drivers that a minor hazard is on the course and racing will continue. Racing will then either return to green flag conditions after the hazard is no longer present or go to red flag conditions in which all drivers must stop on the race course and yield to race/safety officials.

PIT PASS PRICING: No Speedrome 2017 season license is needed. \$20 for Thursday September 7th (open practice). \$35 for Friday September 8th (includes a complimentary picnic dinner under the tent courtesy of the Indianapolis Speedrome). Guidelines for minors entering the Speedrome pit area do apply. Questions can be answered by calling (317) 353-8206.
