In 1492, the Jewish and Muslim populations of Spain were expelled, and Columbus set sail for America. Luis de Torres, a Spanish Jew, accompanies Columbus as his interpreter. His journey is only the beginning of a long migration, across many generations. Over the centuries, de Torres' descendants travel from Spain and Portugal to Mexico, finally settling in the hills of New Mexico. Five hundred years later, it is in these same hills that Miguel Torres, a young amateur astronomer, finds himself trying to understand the mystery that surrounds him and the town he grew up in. Interwoven throughout the present-day narrative are the powerful stories of the ancestors of Entrada's residents, highlighting the torture, pursuit, and resistance of the Jewish people.

**The Soap Myth: A Reading**

More than a half century after the end of WWII, a young journalist sets out to write an article at the desperate urging of a passionate Holocaust survivor regarding the Nazi atrocity of soap.

The critically acclaimed Soap Myth by, Jeff Cohen, starring the legendary 7-time Emmy Award winner Ed Asner and featuring 3 time Tony Award nominee Tovah Feldshuh, dramatically explores how a survivor survives surviving and questions who has the right to write history - those who have lived it and remember, those who study and protect it, or those who would seek to distort and desecrate its very existence.
