

A 3D architectural rendering of the ground floor of a house, viewed from an elevated perspective. The house features a central swimming pool with a blue surface and a surrounding deck. To the left of the pool is a dining area with a wooden table and chairs. To the right of the pool is a kitchen area with a sink and counter. Further back, there are two bedrooms, each with a bed and a wardrobe. A central staircase leads to an upper level. The house is surrounded by a lush green lawn with various plants and flowers. A paved driveway is visible on the right side, with a red car parked. The overall design is modern and functional.

FIRST FLOOR

An aerial 3D architectural rendering of a second-floor terrace. The terrace is paved with reddish-brown tiles and features two large blue octagonal umbrellas. One umbrella is accompanied by yellow and brown outdoor furniture, while the other is near a small table. There are several grey rectangular cushions and three dark rectangular grates on the left side. A wooden door with a small porch leads into the terrace from the top. The terrace is bordered by a low concrete wall and is surrounded by greenery, including pink flowering trees and red mulch. A red car is parked on a grey paved area to the right, with a person walking nearby. The website address www.emacscad.com is overlaid in the center.
